LAST BARRIER IN CANAL IS REMOVED
ATHLETICS DEFEAT GIANTS AGAIN

Ferdinand De Lesseps, who inspired the idea of the Panama canal and who failed solely because of financial difficulties and the lax work of his subordinates, and Colonel G. W. Goethals, whose engineering genius made the completion of the canal possible. In the center is the Culbra cut, today filled with water by the removal of the Gamboa Dyke.

OAKLAND RESOUNDS!
ECHOES BIG BLAST!

MAYOR MOTT SENDS CONGRATULATIONS
Mayor Frank K. Mott, from Venice, where he is attending the convention of the League of California Municipalities, of which he is president, sent the following message:
Venice, October 10, 1913.
Hearty congratulations to our city upon the part it has taken in celebration of the destruction of Gamboa dyke, and the meeting of the waters of the two oceans in the Panama canal. This splendid achievement means a new era for our people. I rejoice with you and send greetings from the League of California Municipalities in annual convention.
FRANK K. MOTT.

JOY REIGNS
IN UNION
SQUARE

As President Presses the Button, California Salutes

SAN FRANCISCO, Oct. 10.—Gathered around the Dewey monument in Union Square signaling the greatest of the world's naval victories, the people of San Francisco and the officials of the Panama Pacific Exposition today celebrated the world's greatest engineering achievement. Promptly at 11 o'clock, at the hour President Wilson pressed the button blowing up the Gamboa dyke, 10,000 voices were raised in the swelling strains of the "Star-Spangled Banner," little Annette Rolph daughter of the mayor, raised the Stars and Stripes and a salute was fired. A broadcast of the United States and Panama linked together and every whistle in the business section sounded a victorious salute.
Seldom has such an impressive ceremony been witnessed in San Francisco. With several hundred men of arms men standing at attention with the assembled multitude bareheaded and enthusiastic, the slightest whisper of the wind could have been heard throughout the park enclosure while all waited for the signal from the telegraph operator who had Washington at the tip of his finger. The moment the nation's executive touched the button the celebration was on. Miss Aldenita Wolfkill led the singing of the anthem and the multitude vent wild with enthusiasm.
DRINK TOAST TO 1915.
At luncheon today in many homes, in the beautiful cafes and in more modest eating places, the citizens of this city are drinking the 1915 toast—"Here's to the Panama canal." To those who conceived it to those who achieved it and to the event that

DIKE BLOWN
UP; WATERS
MEET

Arrangements Perfect and No Accident Mars Event

PANAMA, Oct. 10.—The Gamboa Dyke was exploded at 2:02 p. m. this afternoon. The destruction of the dike was successful in every way. An immense crowd witnessed the explosion. There was a celebration in this city by the civic and military bodies.
WASHINGTON, Oct. 10.—Exactly at 2 o'clock, eastern time, this afternoon President Woodrow Wilson, pressing a button in the White House blew up the Gamboa Dyke in the Panama canal and removed the last practical obstruction in the great inter-oceanic waterway.
OCEANS NOT UNITED.
The Atlantic and Pacific oceans were not actually united today when the Gamboa dike was destroyed and the waters of Gatun lake were allowed to flow into Culbra cut, as lake and cut are at the normal surface of the water 55 feet above the level of the sea. The destruction of the dike removes the last obstruction of the navigation of the greater part of the canal by light-draft vessels and opens up direct connection between the great Gatun lake, which already is practically ready to discharge vessels into the Atlantic, through the Gatun locks and the Pacific division. The waters of the lake rushing through the broken dike at Gamboa swept through Culbra cut until they reach the great locks at Pedro Miguel.

CONGRESS IN
OAKLAND
1915

World's Municipalities Called to This City for Session

VENICE, Cal., Oct. 9, 1913. Gilbert C. Farley, Commercial Club, Oakland, Cal.: By unanimous vote California League of Municipalities decided to issue call for world's congress of municipalities to be held in Oakland, 1915, and appointed a committee of seven to co-operate with the city and Commercial Club in arranging details. This will carry the meetings of the American League and City Planning League Resolutions were prepared by Mott and Calne and supported by Mayors Craig of Piedmont and Monahan of San Jose. The proposition was received with great enthusiasm.

CONTEST IS
GROWING
FIERCER

Throngs Gather at Philadelphia for Fourth Game

(Final score) R. H. E.
Philadelphia 6 9 0
New York 5 8 2

SHIBE PARK, Philadelphia, Oct. 10.—The Athletics, champions of the American League, won their third victory in the world's series of 1913 by defeating the New York Giants by a score of 6 to 5 in the fourth game of the series for the championship laurels of baseball.
Twenty thousand people saw a contest in which the Athletics took a six-run lead over their opponents only to have it cut down to a want one run when the New Yorks fell in the Indian Bender's delivery and with a fusillade of six outs sent the runs over the plate. Bender held the Giants to two hits in the first six innings and then was found freely. Merkle's home run and Shaffer's three-bagger featured the New York hitting run for New York. The Athletics defense was perfect.
The Athletics have now won three games and the New Yorks one game in the series.
The two teams play at the Polo grounds tomorrow and Mathewson will undoubtedly face the Athletics.
It was announced that the official attendance was 20,568 and the receipts \$49,645.
A victory for the Philadelphia club for them to win another game to capture the baseball honors for 1913.

Oakland resounded with the blowing of whistles flags unfurled from the principal buildings and citizens united in observing the joining of the two seas. At 11 o'clock promptly the message came over the Associated Press wires announcing that the great Gamboa dyke had come up under a charge of dynamite. The last barrier between the oceans had been swept away.
The news was flashed to the city hall, where, in Mayor Mott's office, Secretary W. H. Jordan was awaiting the signal. The Associated Press message, flashed to the city hall through the courtesy of THE TRIBUNE, was the signal for the general celebration. The flag from the top of the city hall unfurled as the word was telephoned from the mayor's office, and the celebration started.
This was answered from every factory and industrial plant in the city. For five minutes whistles blew, bells clanged and citizens rejoiced at the beginning of the era of prosperity ushered in by the last great task of the canal builders.
It was at 2 o'clock eastern time, that President Wilson pressed the button that sent the dike heavenward. This on account of the difference in time, made the local time 11 o'clock. As the explosion sounded, the Associated Press wires received the message "Flash! Gamboa dike goes." The next moment scarcely a minute after the explosion, the city whistles sounded their general rejoicing.
The signal was followed by a general celebration in Oakland's public schools. Superintendent of Public Schools Barker had arranged that each school in the city should drop work for a few moments and the singing of patriotic songs and a short address by the school principal in each school marked the day.
SUPREMACY OF WEST.
"The blowing up of this dike," said Secretary A. A. Denison who took a prominent part in arranging for Oakland's ceremonies, "means so much to Oakland that it is fitting that we should properly observe it. When I was notified that other cities were planning an official demonstration I at once suggested to the city authorities that Oakland also do this and the result is that they co-operated with us in today's demonstration. This is a little ceremony which shows we are alive to the opportunities ahead of us for ever hopeful of earth removed from the 'big ditch' means another step toward the goal—the commercial supremacy of the west, in which Oakland will reap a rich harvest."
AT COMMERCIAL HIGH.
Elaborate patriotic exercises were held at Commercial High School at 11 o'clock today in front of Market streets. P. M. Fisher, principal of the school, directed the ceremonies. Three hundred boys and girls saluted the American flag while they sang the "Star-Spangled Banner." The national anthem, "America," closed the program. The flag was unfurled by Dorothy Richards, a pupil in that institution.

Three Persons Killed in Nebraska Tornado
NORFOLK, Neb., Oct. 10.—A special to the Associated Press from Omaha reports a tornado near that place last night which killed three persons and did an immense amount of damage.

Clubwomen to Consider

(Continued on Page 2, Col. 3)

THE FIRST CRAFT
The first craft to enter will be the great steam dredges, whose work is to clear and deepen the channel. The presence of small craft in portions of the canal however does not mean ocean-to-ocean navigation. This

(Continued From Page 1.)

will be first possible when each link in the chain has a sufficient depth of water and all the locks are working. Gamboa dike was built in 1908 to hold the Chagres river in check during the turbulent periods and to prevent

the section of Colaba out, delaying the work of the steam shovels. It was important solely for its location.

GREAT GATUN DAM.

Twenty-four miles to the north the mighty Gatun dam, which to the eye appears to be nothing more than a low mountain range stretched across a valley, keeps the waters of Gatun lake from escaping to the sea. These two barriers, one the greatest man-made dam in history and the other a low ridge of earth and rock, which would ordinarily pass unnoticed, have kept in check the rising waters of Gatun lake. Today there is only one and the waters of the lake now extend from the Pedro Miguel lock on the south to Gatun locks on the north, a distance of about 33 miles, approximately two-thirds of the canal's length.

Workmen were at work on the dike nearly the whole month of September and it was mined with over 1200 holes charged with dynamite.

SAN JOSE TOASTS ROOSEVELT.

SAN JOSE, Oct. 10.—With blare of trumpets, the ringing of whistles and the music of military bands, San Jose today celebrated the blowing up of the Gamboa dike. At the State Normal school outdoor exercises were conducted and at the San Jose Press Club guests drank to the health of Roosevelt as the "Father of the Canal."

WASHINGTON ROARS SALUTES.

SEATTLE, Oct. 10.—All the military ports of Puget Sound roared forth a salute at 11 o'clock this morning, when the Gamboa dike of the Panama canal was blown up. Daylight fireworks were thrown into the air, there was a general display of the national flag. The celebration was general in Western Washington.

THE SOUTH RE-ECHOES.

LOS ANGELES, Oct. 10.—The dynamite shots that mingled the waters of the Atlantic and Pacific today at Panama were re-echoed throughout Southern California today by the shouting of whistles, the ringing of bells and the yelling and shouting of an enthusiastic population. Los Angeles and its sister cities on the coast

WORLD'S CONGRESS IS CALLED HERE

Oakland to See Big Session During Exposition Year.

(Continued From Page 1.)

will be started, with his aid, by the Commercial Club at once.

TO HAVE EXHIBITION.

The New York city-planning exhibition which Dr. Hegemann assisted in arranging, following his direction of similar exhibitions in the cities of Germany, may also be a feature of the two conventions. Dr. Hegemann promising to make arrangements by which this great exhibition may be moved here for the benefit of the delegates from all parts of the world. This exhibition is being prepared for 1914 in New York. Dr. F. C. Howe, president of the People's Institute, and a

well-known writer in the matter, and Dr. Hegemann, called up the matter personally at his earliest opportunity.

Hastily called committees met this morning at the Commercial Club headquarters when the news of Oakland's victory came over the wires, and already carrying on the work these only awaiting the arrival of Managing Director Caine and Mayor Mott to be rushed to completion.

MANY DELEGATES TO COME.

"This is the greatest thing the Commercial Club has ever accomplished," declared Assistant Secretary Farley. "It means a great number of delegates, including many of the greatest city builders and experts of the world. It means worldwide fame for the city, for history is made at these conventions, and it means that the name of Oakland will be flashed all over the world. Our new auditorium will see these delegates. They will see our city, which by that time will be improved enough through the work of the expert now engaged in aiding us, and Oakland will come into its own. I cannot too strongly impress the importance of this victory."

The people will see on Monday next, the details of the coming convention, the plan of campaign, and of its meaning to the city, when the Oakland Commercial Club's luncheon will be devoted to the subject. Dr. Hegemann will be the principal speaker, and will discuss the possibilities of the convention, of the probable city-building exhibit and of his plans for the practical improvement of Oakland. This will be the first time that the business men of Oakland will have the opportunity to see the famous expert, and arrangements have been made to seat the largest crowd ever gathered at a club luncheon.

FAIR TO BE CARD.

"The exposition in San Francisco is another feature that insures a large attendance at this convention," said Dr. Hegemann. "This great international show, celebrating the opening of your wonderful canal, together with the attractions we will offer, will draw many delegates. I expect to see one of the greatest of world conventions in your city."

The last world congress held in Berlin saw 50,000 delegates in attendance. This number, swelled by the city-planning congress, should this be secured, as Dr. Hegemann expects it will, will swell the total several thousand more.

The campaign of the Oakland boosters at Venice was one of the quickest and most quiet ever held. Secretly kept his plans secret until the matter was brought up on the floor of the convention, no other city having any idea of the Commercial Club plan. The proposition was enthusiastically received, and at the same session a unanimous vote was accorded. Secretary Caine and Mayor Mott are expected home tomorrow or the next day.

celebrates it in San Francisco, 1915." Prior to 11 o'clock, the hour that signified the opening of the canal, literary exercises were held in the square presided over by R. B. Hale, vice-president of the exposition, and a banquet. Addresses were made by William Sesson, president of the Chamber of Commerce, Harbor Commissioner J. J. Dwyer, representative of Governor Johnson, and Sylvester McAtee, assistant secretary of Mayor Rolph, the latter being unable to be present.

The address of chief interest, however, was by Senator Don J. E. Lefevre, first secretary of legation of Panama. He dwelt upon the fact that it was his country that put the Panama in Panama-Pacific Exposition. He had seen the canal grow from infancy into majority and expressed his appreciation of the strong bond of contact cementing the United States and Panama. He paid a great tribute to Colonel Goethals and commented enthusiastically upon the battle against the forces of nature being waged by soldiers who have been fighting engineering difficulties and typhoid fever pests instead of killing off their fellow men.

FRESNO'S WHISTLES BLOW.

FRESNO, Oct. 10.—Because of the absence of the mayor and nearly 500 heads of civic organizations the local celebration to signalize the blowing up of the Gamboa dike was taken in charge by Manager James Madison of the California Associated Raisin Company. When the flash came from the East the big arena on the Pacific Coast Seeded Raisin plant, one of the company's houses, started a blast that was heard for miles. The blowing of every other packing house and manufacturing plant in the city and surroundings to join in the salute. Flags were hoisted on public buildings and special exercises in the schools were a feature.

Austrian Count Gets Ten-Year Sentence

DAVENPORT, Iowa, Oct. 10.—Bruno, a Slovak of Corompa who claims he is an American, was sentenced to ten years in the United States district court here last night for violating the Mann White Slave Act. He was sentenced to serve ten years in the Federal penitentiary at Stillwater, Minn.

De Corompa was charged with having enticed Autumn Stone Braker, 15 years old, from her home in Crawfordville, Ind., for immoral purposes.

THREE GAMES NOW WON BY THE PHILADELPHIANS

Both Teams Bat Heavily in the Fourth Game of Series

(Continued From Page 1.)

Burns fled out to Murphy. Shafer fanned. Bender finding his weak spot by keeping the ball around Shafer's neck. Murray was hit on the arm by a pitched ball and went to first, muttering at Bender. McLean singled to right, sending Murray to third. Merkle fouled out to McInnis, who took the ball over near the Giants' dugout. No runs, one hit, no errors.

Philadelphia—McInnis got a Texas leaguer to pitch. The hitting Snodgrass could not reach. It was a lucky hit for McInnis. Strunk out sacrificing. Demaree to Merkle. Demaree used a slow drop ball on the outside of the plate. Merkle dropped Barry's foul after a good run. The official scorer gave him an error. McInnis scored on Barry's error. No runs, one hit, no errors.

Philadelphia—Baker fouled out on a fly to Herzog. McInnis fouled out to Herzog. Bender struck out. No runs, no errors.

EIGHTH INNING.
New York—Herzog singled to left. Herzog was forced at second when Collins took Doyle's grounder and tossed to Barry. Doyle was forced at second when Bender took Fletcher's hot smash and

Bender and shut out a hit. Fletcher scored on Burns' double to left. Burns scored on Shafer's three-base hit to right.

The Giants were hitting savagely. Bender appeared to be trying. Collins threw out Murray. Two runs, three hits, no errors.

Philadelphia—Barry fled to Murray. Schaub walked. Bender fled out to Murray. Schaub was forced at second when Doyle took Murphy's grounder and

Nurses Arranging Bazaar To Sell Red Cross Dolls

Dolls dressed in nurses' uniform will be a feature of the bazaar which is now being arranged by the members of the Alameda County Nurses' Association to be given November 14 and 15 in Eboli club house for the benefit of the nurses' home. There will be a number of red cross dolls, which will also make their bow at the tables which will be presided over by graduate nurses, who are busily engaged in making outfits for them.

There are about 250 nurses affiliated with the organization, who are determined to erect a comfortable building for their colleagues. For several years the officers of the association have been endeavoring to raise a fund for the new building, for which several thousand dollars have already been subscribed.

In the new building there will be ster-

BABY BADLY BURNED ON BACK

From Shoulders to Ankles. Skin Red and Blistered. Cuticura Ointment Cured in Two Weeks.

15 North Ash St., Spokane, Wash. — "My baby was sick and I had to give him baths and rub him with alcohol and one evening by mistake in the dark I grabbed the bottle that contained carbolic acid and rubbed some on before I noticed my mistake. Baby was burned on the back from shoulders to the ankles. The skin was red and blistered. He suffered quite a little. A neighbor told me about the Cuticura Ointment so I purchased a box at once. I just put the Cuticura Ointment on twice a day and the burnt skin all came off and left no scar. It was only two weeks before he was cured." (Signed) Mrs. J. H. Langlot, Mar. 28, 1913.

HAIR FELL OUT GRADUALLY
Valley Center, Cal. — "My trouble began on my head with itching first thing. Next my hair began falling. My hair was getting dry and lifeless and thin and it fell out gradually. Right away I began to use the Cuticura Soap and Ointment. Used only one cake of Cuticura Soap and box of Cuticura Ointment and inside of three weeks I was well." (Signed) Gregory Omish, Mar. 28, 1913.

Cuticura Soap (25c) and Cuticura Ointment (50c) are sold everywhere. A single set is often sufficient. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

FIND BODY IN BAY; WAS IT MURDER?

Pocket Turned "Inside Out" Indicates Robbery Preceded Slaying.

SAN FRANCISCO, Oct. 10.—The body of an unidentified man, who may have been murdered, was found floating in the bay near pier 17 at 6:15 o'clock this morning and turned over to the coroner. The fact that one of the pockets in the man's trousers was turned inside out and that the only article on his person was a single cuff link, a tie clasp and a knife, lead the police to believe that possibly he was slain. On Monday G. Olson, quartermaster on the steamer Congress, saw the body near dock 15, but thought it was a bundle of rags. Today when he caught sight of it again he decided to investigate. He discovered that it was a man and invited Coroner Becker. The latter ascertained that the remains had been in the water about ten days, thus destroying the features so as to make them almost unrecognizable. The man was about 5 feet 7 inches tall, weighed 160 pounds, was of heavy build, smooth shaven, partially bald, had several teeth in both jaws crowded, and wore a coat, vest and trousers of brown texture.

SPANISH CARDINAL DIES.
TOLEDO, Spain, Oct. 10.—Cardinal Gregory Maria Aguirre y Garcia, archbishop of Toledo and primate of Spain, died yesterday. He was born March 12, 1835, and was created and proclaimed cardinal April 15, 1907.

RAIL VALUATION DISTRICTS NAMED

Interstate Commerce Commission Fixes Headquarters.

WASHINGTON, Oct. 10.—Preparing for a physical valuation of the nation's railways, the Interstate Commerce Commission, which has divided the country into five districts, announced that each embraces approximately 59,000 miles of railroad. The title of each district, the headquarters city and the state included in each are as follows:

Eastern—Washington, D. C.; Connecticut, Delaware, District of Columbia, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, North Carolina, Pennsylvania, Rhode Island, Vermont, Virginia and West Virginia.

Florida, Georgia, Indiana, Kentucky, Mississippi, Ohio, Panama, Porto Rico, South Carolina and Tennessee. Central—Chicago, Arkansas, Illinois, Iowa, Louisiana, Michigan, Minnesota and Wisconsin. Western—Kansas City, Colorado, Kansas, Missouri, Nebraska, North Dakota, Oklahoma, South Dakota and Texas. Pacific—San Francisco, Alaska, Arizona, California, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington and Wyoming.

TIME NEARLY UP.
WASHINGTON, Oct. 10.—Julian Hawthorne, the author, and Dr. Morton, sentenced with him to Atlanta penitentiary after conviction of complicity in using the mails to defraud, will be free men again next Wednesday, October 15, when their terms expire.

I come from far-off Turkey!

At mature age I am blended by experts who know tobacco as you know your ABCs.

Then evenly rolled in pure rice paper and twenty of us, all good, all alike, are put in a neat package and offered to you.

Now the reason why I am not packed in a fancy box is so that you can get twenty for fifteen cents.

It is said of me, and rightly, that more money is paid for me than for any other cigarette in the world.

I am FATIMA, the cigarette of the nation.

KING RENDERS FIRST AID TO INJURED MAN

MADRID, Oct. 10.—On the way back from the royal hunting lodge, where President Poincaré and King Alfonso had lunch yesterday, an automobile frightened the horse of a civil guard, and the rider was thrown against a post. King Alfonso, who was driving his own car, witnessed the accident. He jumped out, picked the man up and skillfully bandaged his head, which was badly cut. He then placed him in an automobile and sent him to a hospital.

All this was done so quickly that President Poincaré, who was in a car ahead of the King, was unaware of the accident, but on learning the details he sent a gold medal back to the guard.

There are lots of "also rans" in the human race. You can't measure the enjoyment of others by your own.

GREATEST PLAYER IN THE WORLD

The Strain of a World's Series Brings Out Sterling Qualities.

No better proof of the superior quality of a player can be had than that of a recent decision of one of the greatest musicians in this country who wanted a player installed in a concert grand piano just received from Europe. She had been using for the past three years an upright player piano, and in a searching investigation for a player with the human touch to be installed in the concert grand she was unable to find anything regardless of price that compared with the wonderful effects produced by the autopiano.

We have had a special grand autopiano action manufactured and for her upright player piano in exchange. We have allowed \$375 for this instrument, but will sell it for \$340 if turned over immediately. The player includes bench stool and forty-four rolls of standard selections. Payments of \$2 per week may be arranged if desirable.

Come and hear the greatest of all player-pianos at Eilers Music House, 1443 San Pablo avenue, next to the Kahn building. Open every evening.

WILL EXTRADITE FLEEING SPEEDER

Governor Signs Requisition for Return of Man Who Killed Pedestrian.

SACRAMENTO Oct. 10.—The first requisition ever signed by a California governor for the return to the state of a motorist charged with running over a pedestrian and then speeding away without rendering his victim assistance, was signed yesterday by Governor Johnson.

The requisition was directed to the governor of Minnesota for the return to California of Eugene Moore, who ran into and killed Eugene Place in San Francisco the night of June 28, 1931. Moore, it is said, did not stop after his machine had struck Place.

San Francisco authorities discovered the identity of the motorist after a search of two years finally resulted in his arrest while on a visit to his home in Minneapolis.

Moore is 30 years old and is said to be a member of a wealthy Minneapolis family. He is related to John J. Newbigh, a merchant of San Francisco.

Detective Thomas Maloney of San Francisco left last night for Minneapolis to bring back Moore.

CARE OF INFANTS TO BE TAUGHT AT CHICAGO

CHICAGO Oct. 10.—The care of infants will be taught in ten of Chicago's schools beginning next week. Real babies will be used in the demonstrations. The classes will be in charge of nurses from the health department who will give instructions for one hour two days a week. The new branch of education was recommended yesterday by the school management committee of the board of education.

LAW AFFECTS SCHOOL TEACHERS

Difficulty Is Found in Assigning Warrants From School Fund.

LOS ANGELES, Oct. 10.—The 3750 teachers in Los Angeles county, with 3500 other public officials, it was learned yesterday, will be materially affected by the new "clean hands" law now in effect.

The difficulties that will arise under the new law were discussed by the County Superintendent of Schools, County Auditor and Treasurer. The law, as explained by Superintendent Mark Koppel, will affect several school teachers of the county as follows:

Each teacher who gets a salary warrant and gives it to a bank, or to any others, must give a signed statement authorizing the banker to collect the money.

The teacher of the fair sex must state in writing whether she has a husband, whether he has a wife, or whether the signature of the wife or husband must be secured. If either are minors, they must have the signature of parents on the warrant, or the money can be collected directly by the employer at the County Treasurer's office.

"OLD SEATTLE HOTEL" TO BE TOWN DOWN

SEATTLE Oct. 10.—A three-story frame structure known as the "Old Seattle Hotel," on the waterfront, is to be demolished because a rat found to be infected with bubonic plague germs was caught in the building. The order to destroy the structure was issued yesterday by Dr. J. E. Crickton, commissioner of health, and he stated that he may order adjoining buildings razed. Dr. Crickton stated that more than 200 rat traps and a large quantity of rat poison have been placed within a radius of three blocks around the building where the infected rat was caught.

APPLE SHOW HAS HISTORICAL FETE

School Children Depict Epoch-Making Events in Brilliant Pageant.

WATSONVILLE, Oct. 10.—Santa Cruz captured Watsonville yesterday. Two special trains brought visitors from there over to the fourth California Apple Show, 2000 strong, and from the time they arrived until they departed, late in the evening, the visitors found something to keep them busy all the time. In the morning they were treated to the pageant given by the school children, representing the history of California. In the afternoon many helped to pack the Auditorium, viewing the apples and enjoying the program provided by the management of the show. In the evening the ball game, where several Santa Cruz boys took part. In the evening

the musical entertainment and to watch the fancy drill given by the members of the Twelfth Infantry.

It was a happy day for the Santa Cruz visitors at the Apple Show for another reason. Yesterday afternoon the team representing the Young Men's Christian Association of this city won the 39-mile relay race from Santa Cruz and Watsonville. The team consisted of Mr. J. J. Christian, Association boys, Thirteenth Infantry, and a local team. Each team carried a message from Mayor Drullman of Santa Cruz to Mayor Traflet of this city, which was passed on from man to man. The last members of the Santa Cruz team had a good lead on the last Watsonvillian, so he had the honor of presenting the greetings of the Surf City executive.

The Santa Cruz boys won by a little under two minutes.

Members of the California Press Association will be the guests of this city and a committee, headed by E. H. Haack, and on which the other scribblers of the city are serving, will welcome their co-workers to the Pajaro valley.

TRESPASS SAVES SHIPWRECK CREW

Santa Rosa Lad Brings Odd Souvenir From Jarvis Island Owner.

SAN FRANCISCO, Oct. 10.—Shipwrecked twice in two years, has been the experience of George Vining Jr., a member of the crew of the lost barkentine Amaranth, who arrived here yesterday on the liner Ventura. With two hazardous escapes from death at sea still vivid in his mind, young Vining, who is a Santa Rosa youth, hasn't had enough yet and intends to ship again at the first opportunity.

"Last year I was on a schooner which went to pieces near Point Reyes," said young Vining, "and now that we've had this adventure we're ready for another. I don't mean that there was anything humorous about the wreck of the Amaranth. I hope never to pass through such an experience again. Captain Nielson's wife stood the trial with great fortitude, and all the crew acted splendidly on that long trip in the open boat to safety."

Young Vining brought, as a souvenir of his experience, a copy of the following sign, which was the first thing that greeted the "exhausted mariners" when they landed on Jarvis Island:

"This island is leased by his Britannic Majesty, King Edward VIII, to the Pacific Phosphate company, of London and Melbourne. No trespassing. All trespassers will be prosecuted."

"I don't suppose we'll be prosecuted," laughed Vining. "It would have taken more than that old sign to keep us off dry land. The island was deserted and evidently had not been worked for years."

NEW BLIGHT MENACES ORANGE AND LEMON CROP

SAN BERNARDINO, Oct. 10.—Following a tour of the citrus fruit regions of Southern California, H. B. Webber, dean and director of the citrus station of the University of California, yesterday issued a statement that the mottled leaf blight, a strange disease of the citrus fruit, is the greatest present menace of the orange industry in California.

He sounds the warning to the growers throughout the southern and central parts of the state to take up immediately the battle against the blight.

"The San Jose and black scale we know how to combat," declared Dr. Webber. "Spray hits it squarely in the heart, and it has ceased to worry the orange and lemon growers, but the mottled leaf blight is a horse of a different color."

"Some say that mottled leaf is caused by alkali. There can be no question but that alkali will cause it, but there are unquestionably quite a number of causes that are capable of causing it, for it appears not infrequently in sections where alkali is not known. Never having sifted the trouble to the bottom, no state or government expert is in a condition to give an accurate opinion as to the cause of the strange leaf disease."

SLIT AND THIN SKIRTS CALLED "LEWD COSTUMES"

WASHINGTON, Oct. 10.—Slit, diaphanous and thin skirts were condemned at a meeting of the executive board of the Washington Federation of Women's Clubs representing 700 society women. They termed modern styles "lewd costumes" and decided upon a set of resolutions urging members "to eliminate lewd costumes from their homes."

Mrs. William H. Hinz, Mrs. Belva Lockwood, Mrs. Appleton Clarke, Dr. Elmer C. Folkner and Mrs. George T. Smallwood led the discussion.

SECOND HAND DEALER HELD AS DEALER

SAN FRANCISCO, Oct. 10.—Detectives Regan and Marlon this morning arrested Albo Sage of 633 Pacific street, a second-hand dealer, and booked him at the city prison on two charges of receiving stolen goods. Sage is alleged to have been doing a wholesale business as a "fence," having purchased all of the proceeds of ten burglaries alleged to have been committed by Ray Robinson, now under arrest.

WEAK NEARLY NO!

General Ralph W. Hoyt, commanding the Seventh Brigade, Third Division, Vancouver Brigade, yesterday went on the retired list for age, thus ending the active service of an officer who has made an enviable record in the army. He graduated from West Point in 1872 and was assigned to the Eleventh Cavalry as a second lieutenant, spending twenty-seven years in that command. In May, 1899, he was given his majority and

Will Continue "Bulldozing" Rodeo Sport Not Stopped

"Bulldozing" will not be stopped at the Rodeo now being held at the Emeryville race track. Rodeo Boss Frank J. Griffin has announced that the most exciting of all cowboy sports will be on the program for the remainder of the show.

This decision was reached after Assistant District Attorney Phil M. Carey had visited the Rodeo yesterday afternoon.

BILLY NEVIS ON "ROSE," THE TRICK BURRO.

noon and had seen a special exhibition of the thrilling sport. Clyde Taylor, Ben Dobbins, and Billy Nevis, three of the most daring bulldozers at the Rodeo, each made sensational leaps from their horses onto the steers' horns, and after several minutes' efforts succeeded in throwing the animals.

Carey declared that he did not believe it possible to obtain a conviction, should a complaint be issued, and refused to work before the Rodeo. He said the sport was not nearly so apt to cause injury to the steer as it was dangerous to the man doing it.

The Rodeo was full of thrills at the last performance. Ben Dobbins was sent a bucking horse, and the animal would not back down. Dobbins escaped injury only by his quickness. When the horse arose Ben was in the saddle, and he stayed there. Al Spencer had a similar experience, and he too, stuck with his horse. Clyde Taylor picked out a vicious animal and was heavily thrown. For several moments it looked as though he would be badly injured, as he was hanging to his saddle with one foot around the horn.

Hazen Cowan attempted to ride a

bucking horse by holding to the mane and tail, and without rope, saddle, or bridle. He was thrown. Al Spencer, Slim Holden, Tommy Douglas, Jack Fallon, Fred Bridges and Spencer, Taylor and Dobbins. The Roman race went to Billy Nevis and the Millerick team again captured the rotary race. Slim Holden was first in the hippodrome event, with Taylor second and Dobbins third.

In the fancy riding event Ray Richmond, Wendell Hawn, the 11-year-old cowboy, Clyde Taylor, Slim Manning and others appeared.

The Rodeo will remain until Sunday afternoon, the last performance. Boss Griffin promises that some new and startling feats will be held the last two days.

PROF. STEPHENS TO LAUNCH COLUMBUS DAY PLAN

Would Establish Pan-American Holiday, With Permanent Committee.

A permanent committee, which will be in charge of future Columbus Day celebrations and shall be on call whenever needed, will be formed at a meeting to be held shortly after the big festival which will be held Sunday afternoon and evening on Lake Merritt and at Lakeside Park. Prof. H. Morse Stephens, head of the department of history of the University of California, who will launch the project to make Columbus Day a Pan-American holiday, will suggest a permanent committee to work toward this end. Prof. Stephens will give a learned discourse on Columbus, telling of the contentions of the Italian and Spanish historians, who both claim the great discoverer as a countryman. M. Martino, who will speak in Italian, will urge cementing of the friendship existing between Italy and the United States and refer to Columbus' great service to humanity in discovering the new land.

The more than 200 persons who will take part in the three tableaux depicting the landing of Columbus, his meeting with the Indians and his reception by King Ferdinand and Queen Isabella of Spain on his return from the new world are rehearsing for their parts daily and the program will be the most spectacular yet given. From the time that Columbus sets sail in the three caravels, the Santa Maria, the Nina and the Pinta, at 12:45 o'clock until the close of the grand fireworks display, there will be many features of interest. A hydroplane exhibition and a championship regatta will be among the events.

Miss Angelina Cordano, the beautiful girl who was chosen queen, will name the man who will impersonate King Ferdinand. This is the first celebration at which King Ferdinand will be among the performers. Miss Cordano has not yet chosen the lucky man and interest is keen as to the man who will fall heir to the royal mantle. The king and queen will

FAMOUS "MUTT" AND "JEFF" SCARF PINS FREE

Tobacco Dealers Supplying Smokers With This Pleasing Novelty.

In connection with the sale of Omar Cigarettes in this city, local dealers are giving free, for a few days to each purchaser of a single package of Omar, a gold-plated "Mutt" or "Jeff" Scarf Pin. These pins are an absolute novelty. Every one familiar with Budd Fleher's famous characters, "Mutt" and "Jeff," which appear in the papers all over the country, will be delighted to secure one. They are at the same time amusing and an attractive ornament, and in connection with the sale of Omar Cigarettes should prove particularly attractive to local smokers.

The gift of these Scarf Pins through local dealers is made to encourage the belief on the part of the manufacturers that smokers generally will like and continue using this brand. It is said that the plan is fully justified by results in other cities. The cigarette is described as a new Turkish blend of very high quality, with a flavor and fragrance which are wholly different and unusually pleasing. The evident value of the gold-plated pins is certainly evidence of remarkable confidence.

"Noiseless Spoon" for "Soup Conversation" Doesn't Suit Reiter

A soup spoon with a muffler is the latest device for the noiseless consumption of bouillions and other liquid nourishment. Manager Victor Reiter of the Hotel Oakland received one, a sample, today. He did not, however, order. He says they don't need them at the hotel. The spoon is manufactured by its inventor, an Eastern man, and consists of an ordinary soup spoon with a fluted or serrated edge. "Guaranteed to eliminate 'soup conversation,'" says the inventor.

play the leading part in the closing tableau. They will receive Columbus and his men upon their return from Spain. Following this gorgeous ceremony the choir of the First Presbyterian church, under the leadership of Eugene Blanchard, will sing a Te Deum. C. Corbino, who will impersonate Columbus, has chosen his officers as follows:

YOUNG WOMEN'S PART.
Father Andreano by Samuel Giorgio; captain of the Pinta by C. Ratto; captain of the Nina, Andrew Cerelli; captain of the Santa Maria, Joseph Martin. Miss Florence Barclay and May Barclay will be among the young women who will take part with the members of Battery E, National Guard of California, and the Seminoles Club, in impersonating the Indians.

The committee which will receive the guests is as follows: Judge W. H. Donahue, honorary chairman; M. M. Roach, chairman; Congressman Joseph R. Knowland, State Senator E. J. Tyrrell, State Senator George Hays, Joseph A. Kennedy, W. J. Hennessey, A. A. Denison and S. W. Hall.

"I Love You, Oakland," a paraphrase of "I Love You, California," will be sung by Madame Marcell and the public is asked to join in the chorus, which will be as follows:

Where enchanted sunny foothills smile down on the placid bay;
Where the sturdy oak stand,
In the midst of a land
Breaching forth good cheer every day.
It is here that God scattered his treasures.

With a most magnificent band,
And "wherever I roam—
There's no place like home."
For my home is dear old Oakland!

"BLOOD MONEY" IS NOT FOUND BY SEARCHERS

LOS ANGELES, Oct. 10.—Seeking conclusive evidence against alleged accomplices of the negro, Burr Harris, in the assassination of Mrs. Rebecca P. Gay, a Christian Science practitioner, September 28, newspaper men and detectives went to Tia Juana yesterday to find, if possible, the "blood money" Harris claims to have received after the murder.

The confessed assassin directed the party to a spot approximately 500 feet from the Tia Juana Custom-house, where he said he had secreted the money.

The police have the name of another negro, who is said to have delivered the money to Harris as an agent for the instigator of the alleged death plot.

SAN DIEGO, Oct. 10.—Late yesterday afternoon two negroes at Tia Juana asserted that they had recovered the \$500 in gold which Burr Harris said he buried near the Tia Juana river. The men first appeared at Tia Juana Tuesday afternoon. They claim that they had seen

learned from him the location of the cache. They are unknown in Tia Juana, and they are not engaged in any occupation, so far as learned. One of the negroes is known as J. E. Hill and the other did not give his name. The local authorities doubt the stories of the negroes. A party of newspaper men dug in the sands this morning without success. They were arrested by the Mexican authorities, but soon released.

ORANGE CROP IS SHORT, BUT PRICES ARE HIGH

OROVILLE, Oct. 10.—According to County Horticultural Commissioner, Earle Mills the total orange output of this district this season will fall far short of the normal crop. Mills estimates the output at 165 carloads.

While the output will be short, high prices will undoubtedly prevail, and it is believed that the price may reach as high as \$2.50 a box. The high prices will undoubtedly do much to offset the crop shortage.

The olive crop will be above normal. Work of harvesting the crop has been started. The fruit is very large and of high quality this season.

Chiropractic School Opens Here

The Rattledge system of Chiropractic Schools of Los Angeles, Cal., and Tonpeka, Kas., will open a branch school in Oakland about October 15th. Watch the columns of this paper for announcement of exact date of beginning and location. For immediate particulars address 408 Hamburger building, Los Angeles, Cal.

ALAMEDA WITHDRAWS COIN IN BANK; GONE

ALAMEDA, Oct. 10.—Captain George C. White of Central avenue, near Fifth street, is missing. He was last seen in company with two women and another man two days ago at Ninth street and Central avenue, according to the report filed with the local police by Mrs. White, who is distraught over the continued absence of her husband. The captain had just drawn \$600 from the bank. Mrs. White can throw no light upon the disappearance of her husband. The police of the bay cities have been notified of the disappearance and are conducting a search. White is 50 years of age.

SUCCESSOR NAMED FOR NATIONAL UNION OFFICE

ALAMEDA, Oct. 10.—Since the appointment of A. T. Kalas, as purchasing agent of the city of Oakland, W. E. Varcoe, recording secretary of Alameda Council No. 724, National Union, of this city, has been appointed to succeed Kalas as general secretary of the National Union in Alameda county. Varcoe will devote his entire time to building up the interests of the fraternal organization in this county. Alameda council will hold a smoker and get-together meeting in honor of Varcoe tonight in Moose hall, Park street, and will also plan for the winter activities of the council.

FOR MARKET AND 4th ST. SAN FRANCISCO

Buddy Tucker Suits With Extra Pair Pants \$4.95

These are the suits the boys all want. They have a style all their own, and they are in a class by themselves when it comes to material and make. Strictly all-wool fabrics, just the patterns and colors suitable for boys, made in double-breasted and Norfolk styles, strongly reinforced in all the parts where the most wear comes and furnished with two pairs of knickerbockers, both pairs full lined. These suits are sold in double-breasted styles from 8 to 17 years, and in Norfolk models from 6 to 17 years.

Stroller Overcoats Suitable for Boys and Girls Alike \$5.00

These coats are made from carefully chosen fabrics in pretty patterns and colors and are cut on our famous Stroller pattern in extra lengths, coming clear down to the shoe tops. They have two-way collars which can be worn up and down, belted backs, plain or plaid linings, and may be had in sizes up to 17 years. The Stroller coats are sold exclusively here. They combine a degree of style and quality not to be had in any other coats.

Boys' \$4 Tommy \$4 Russian and Todd Suits \$2.95 Sailor Suits \$2.95

All wool double-breasted suits for boys 9 to 16 years, smartly styled from brown and gray mixtures in double-breasted fashion, with full peg knickerbockers. These suits are made for substantial wear and purchasers of them will get more than full value.

Youths' Suits \$8.65

Clever styles cut on college lines and made from fine brown and grey mixtures, in sizes from 15 to 21 years. These suits are extra well made and will appeal to young men who want good style but who require a suit at a low price. We will match them with any suits about town at \$10 or \$12.50.

Youths' Suits \$15.00, \$17.50 and \$20.00

Special attention is invited to our showing of suits for young men and boys at these popular figures. No store in Oakland is catering more generously to the wants of young men between 15 and 21 years than we are. Styles that up-to-date young fellows fancy, in colors and materials which they like, are here in abundance. Big, broad assortments of suits tomorrow at each of these prices.

Special Hats for Boys Worth \$1.25

On Sale Tomorrow at 95c

Special hats for young men in blue, green, pearl, brown and black. The desirable new shape with bone in the back. They are distinguished in style and quality anywhere under

STORM KEEPS NEBRASKA

Damage Done by
Tornado in Middle West
State.

BOWEN, Neb., Oct. 10.—An
tornado tore its way through
county last evening, striking
Bow, the county seat, a
blow and doing only minor
here, but wrecking many
and injuring number of
in the county districts. So
reported, no one was killed.
The McCallin home, eight miles
of Broken Bow, two members
of the family were injured. Several
of Arthur Bevington's fam-
near the town of Sargent, were
how seriously is not known.
Many horses, cattle and hogs were
by the storm and the loss is
said to be heavy.

near Lodi shortly before 6
and cut across the country for
miles from the southwest to the
east in a path varying from a
of a mile to a mile wide. It
all the characteristics of a tor-
a whirling wind of great force.
Railroad telegraph wires and tele-
wires are down, there being
one telephone wire into Broken
Bow.

KANSAS TORNADO.
LEBANON, Kans., Oct. 10.—A tor-
which passed within half a mile
Lebanon late yesterday afternoon
destroyed everything in its path,
extended northeast into South-
Nebraska. Five farmhouses and
farm buildings are known to
been destroyed, but all the oc-
ants escaped by seeking places of

are said to have been killed. No
was in the path of the storm.
communication is prostrated.

And Now, Ye Blue Bells Hop Is Terpsichorean Variation

MISS CECILIA PLATT AND MISS DRIESBACK OF THE BLUEBELL CLUB.

"The Blue Bell Hop." That is the
name of the latest fad to be intro-
duced this evening by the mem-
bers of the Blue Bell Club at their second
dancing party of the season to be
given at Maple hall tonight. True,
it is a modified form of the tango,
but has a feature all its own. The
dance was originated by Miss Gertrude
Taste, president of the club,
who will introduce the test case this
evening. To the latest hits of the
season the members will "hop" about
the hall, with shoulders wiggling just
enough to make the little dance in-
teresting. It isn't a rag. Oh, no!
But, just the same, it has all the
tricks and embellishments that make
the terpsichorean variation deplorable
by one A. Comstock pleasant to the
lover of syncopated motion. And,
best of all, it's new.
The coming ball will be one of the

most elaborate ever given by the club.
Blue and white will form the decora-
tions of Maple hall and no pains are
being spared by the committee in
planning the affair.

This committee is: Miss Gertrude
Taste, Miss Margaret Moriarty, Miss
Alvina Perry, Miss Gertrude Ken-
nedy, Miss Grace Muller, Miss Clara
Vann, Miss Hattie Enoch, Miss Luella
Pear, Miss Ethel Cunningham.

CARNIVAL WILL HOLD FULL SWAY

ALAMEDA, Oct. 10.—"King Carnival"
will rule tomorrow afternoon and even-
ing at the Encinal Yacht clubhouse when
the society carnival will be in full swing.
A multitude of attractions have been ar-
ranged by the committee in charge.

The clubhouse is a scene of festivity,
elaborate decorations having been ar-
ranged. Yellow and red, the colors of
the club, predominate, and these are in-
tertwined with palms and plants.
"The Glad Way," where the carnival
spirit will reign supreme, is adorned
with the colors and the plants, making
it especially attractive. The shows and
booths on the Glad Way will offer those
who attend enough fun to last them for
several months.

Dancing will be one of the diversions of
the carnival.
The ice cream booth will be in charge of
Miss Harry Shed and Miss Ethel Shed,
the coffee booth by Mrs. Will Davis, and
the candy booth by Miss Flora Landsber-
ger, and Mrs. A. K. Theobald, assisted
by ten pretty girls. The motor booth
in charge of Monte Haslett and Haslett
Haight. The members of the club who
will assist at the various booths are Will
Waldman, H. Henderson, S. Clark,
James Eicher, and B. Hall. The motor
boats will be in charge of Beverly Theo-
bald, Walter Innes and Hal Wright. The
general committee is composed of Julius
Landsberger, Harry Shed, S. M. Haslett
and Frank B. Paul.

BIG EATERS GET KIDNEY TROUBLE

Take a glass of Salts before breakfast
if your back hurts or bladder
bothers you.

The American men and women must
guard constantly against kidney trou-
ble, because we eat too much and all
our food is rich. Our blood is filled
with uric acid which the kidneys strive
to filter out, they weaken from over-
work, become sluggish; the elimina-
tive tissues clog and the result is kid-
ney trouble, bladder weakness and a
general decline in health.

When your kidneys feel like lumps
of lead; your back hurts or the urine
is cloudy, full of sediment or you are
obliged to seek relief two or three
times during the night; if you suffer
with sick headache or dizzy, nervous
spells, acid stomach, or you have rheu-
matism when the weather is bad, get
from your pharmacist about four
ounces of Jad Salts; take a tablespoon-
ful in a glass of water before break-
fast for a few days and your kidneys
will then act fine. This famous salts is
made from the acid of grapes and
lemon juice, combined with lithia, and
has been used for generations to flush
and stimulate clogged kidneys; to neu-
tralize the acids in the urine so it no
longer is a source of irritation, thus
ending bladder disorders.

Jad Salts is inexpensive; cannot in-
jure; makes a delightful effervescent
lithia-water beverage, and belongs in
every home, because nobody can make
a mistake by having a good kidney
flushing any time.

HEBREW SHELTER PLANS STRUCTURE

Initial Steps Taken at Annual
Meeting of Jewish Benevo-
lent Society.

The erection of a modern structure
for the Chevra Machnoseth Orachim
(The Shelter) was the principal topic
of discussion at the annual meeting
of the society, which was held re-
cently in the hall of the Free Loan
Association of San Francisco and is
now enlisting the attention of the
Jewish people of the bay cities as well
as San Francisco.

The plan for raising money for the
building was explained to the assem-
bly by M. A. Rapken, president of the
society, who said:

"There are some gentlemen who
will give \$5000 toward buying the lot,
which will perpetuate their name
with the Shelter. Five hundred dol-

\$350 will give the donors the title of
vice-presidents or life; \$200 life gov-
ernors and \$100 life members. Many
merchants have promised provisions
for the home.

"The Shelter will be maintained for
the immigrant and the wayfarer, who
will remain there until he is able
to secure employment. They will be
classified according to their special
line of work."

The following officers were installed
and will serve for one year: Presi-
dent, Counselor M. A. Rapken; vice-
president, Herman Levy; treasurer,
Morris Bloch; secretary, William G.
Weiss; trustees, Colonel Charles
Reichenbach, J. Goldstein, Sam Mey-
er, C. Cohen and I. Birnbaum.

CHAMBER ELECTS NEW OFFICERS

Much Business Transacted at
Annual Meeting of the
Stockholders.

ALAMEDA, Oct. 10.—New officers
were elected last evening at the meet-
ing of the board of directors of the Chamber
of Commerce, following the yearly ses-
sion of the members, when twenty-three
directors were chosen. The new officers
were: J. H. Fraser, president; J. E. Fra-
ser, first vice-president; B. E. Combs,
second vice-president; J. H. Wilkins,
treasurer; Miss Jeannette Kilian, sec-
retary.

The directorate was increased from 11
to 25 members, 23 of the number being
chosen last evening. They are: H. Ro-
senthal, H. Hauck, F. N. Delaney, J. G.
McDonald, J. L. McVay, C. H. Weyer,
F. J. Fraser, E. Champion, B. E.
Combs, J. W. Harlan, Green Majors, F.
M. Anderson, J. H. Wilkins, Joseph Hal-
ton, Henry Schneider, Otto Bechtel, G.
C. Adams, C. A. Bode, B. F. McMurray,
R. C. Hillen, A. C. Powers, H. Hush-
beck and J. H. Fraser.

Last night's proceedings were opened
by the calling of the directors in annual
session, with President Rosenthal in the
chair. The first order of business was the
reading of the report of the directors.
President Rosenthal rendered his annual
report. The treasurer's and secretary's
reports were also given and accepted.

Both showed the excellent condition of
the organization.
The report of the nominating commit-
tee was read and the 23 directors were
elected.

The meeting was adjourned and the
new directorate called together. The new
officers were then chosen.

The board decided to appoint three
delegates to attend the session of the
Humboldt Development Committee at
Marysville, November 20. An invitation
was received from the city of Berkeley.
The Tourist Association sent a com-
munication, asking for an endorsement
of its resolutions to the Harbor Commis-
sion in San Francisco, asking for per-
mission to establish an information bu-
reau for tourists in the ferry building
across the bay. The resolutions were
given an unanimous endorsement.

LOCOMOTIVE ENGINEER DIES IN MEXICO CITY

H. G. Clarke, a locomotive engineer
formerly of Oakland, recently employed
on the Vera Cruz and Isthmus railway,
died at 11:40 o'clock yesterday morning at
his home in the City of Mexico of ap-
oplexy. He had been living in that city
for the past four months. He leaves a
son, Thomas B. Clarke, who is living in
the United States, but whose address has
not been learned. The deceased was a
member of the Brotherhood of Locomo-
tive Engineers, and went to Mexico from
Oakland, California. The funeral will be
held at 2 o'clock this afternoon. The re-
mains will be interred in the new Ameri-
can cemetery in the city of Mexico.

Are You Living Without a Victrola?

Then, Secure Yours This Week

Stop in our store tomorrow—or the first time you are down town
and we will gladly demonstrate the various styles of this
wonderful instrument.

Today the Victor-Victrola is generally recognized as the musical instrument that gives the
greatest amount of pleasure to all the members of the family. Bringing into the house—as
it does—either the voice of a great singer, the stirring strains of a martial band, the en-
chanting sound of a violin, the swing of dance music, each as they are wanted, a Victor-
Victrola does unquestionably add more to the family fund of cheer and happiness than
does any other instrument.

And what is more, everyone can afford to own a Victrola. In price they range from \$15 to
\$250—all upon the most reasonable terms.

ADVANTAGES FREE Because we have the largest stock of machines
and records to select from and because we have
private rooms for trying records, and a complete shop where every machine is carefully
oiled, tested and polished before delivery, some may think our prices are higher than others.
This is an error. There is no charge for our superior service. All Victrolas are sold by us
at the lowest prices. The advantages cost you nothing.

Terms \$5 Monthly and Upward

PIANOS—SHEET MUSIC

510 Twelfth and 1209 Washington Streets, Oakland

GREATEST PLAYER IN THE WORLD

The Strain of a World's Series
Brings Out Sterling
Qualities.

No better proof of the superior
quality of a player can be had than
that of a recent decision of one of
the greatest musicians in this country
who wanted a player installed in
a concert grand piano just received
from Europe. She had been using
for the past three years an up-
right player piano, and in a
searching investigation for a player
with the human touch to be installed
in the concert grand she was unable
to find anything regardless of price
that compared with the wonderful ef-
fects produced by the autopiano.

We have had a special grand au-
topiano action manufactured and for-
warded to her here and have taken
her upright player piano in exchange.
We have allowed \$375 for this in-
strument, but will sell it for \$340 if
turned over immediately. The player
includes bench, stool and forty-four
rolls of standard selections. Pay-
ments of \$5 per week may be ar-
ranged if desirable.

Come and hear the greatest of all
player-pianos at Eilers Music House,
1448 San Pablo avenue, next to the
new Kahn building. Open every eve-
ning.

NOME MERCHANTS WILL RE-ESTABLISH BUSINESS

NOME, Alaska, Oct. 10.—The sea has

wrecked Nome are able to take an in-
ventory of their losses, which were not ex-
aggerated in earlier estimates.
The people are confronting the situa-
tion bravely, and sanitary conditions are
excellent. There is no fear of an epi-
demic, the fires have been extinguished
and good order has been maintained.
Most of the merchants will re-establish
themselves.

MAKES STUDY OF PLANS FOR CITY

Dr. Werner Hegemann Is Engaged to Point Way for Betterments.

What May Be Accomplished for Oakland Outlined in Forecast.

By CHARLES HENRY CHENEY.

Berlin to make a study of the city plan of Oakland, the mayor and city council, joining with the Commercial Club, could hardly appreciate how far this important subject touches every man, woman and child in the municipality. Certain it is that they have obtained a distinguished and able man to stir the people to enthusiasm in the undertaking of such important study and improvement of the city.

Interest in city planning has grown up almost all over the United States. Following the revolt of the cities of the older world against the bad housing conditions and the often senseless arrangement of streets, the American business man is quickly becoming convinced of the necessity for intelligent study and forethought in the handling of municipal problems, by the development of a real city plan.

START ON PROJECTS.

More than one hundred cities in this country have already started upon projects on the basis of practical and careful investigation of actual conditions for the building of Civic Centers, for city planning and housing surveys, and for the proper laying out of suburbs, the control of water and rail transportation and the building of docks and harbors. In these matters Germany has undergone during the past generation one of the most remarkable changes ever seen and today practically leads the world.

Dr. Werner Hegemann, although still a young man, has been proclaimed one of the leading experts on city planning in the world and is known not only for his successful handling and study of the problems of his own country but also for his work in a long series of important work completed throughout America and Europe.

STUDIES OF CITIES.

Dr. Hegemann is called the apostle and prophet of German city planning. From the time that he entered the University of Berlin in 1900, he has piled up an enormous amount of studies, reports and travels, all along the line of city planning. In addition to this university training, he has had the rather unusual experience (for a German) of studying two years in Paris where he had occasion to make careful investigation of the Haussmann changes and beautification of the city. He also studied for two years at Harvard and Pennsylvania universities in this country.

Returning to his own country he was the organizer and general secretary of the great City Planning Exposition in Berlin in 1910, to which he brought the best drawings and photographs of city planning work throughout the world.

Out of these city planning exhibitions and the competition for a plan for Greater Berlin came the law for creating a metropolitan district with city planning powers covering street planning, transportation and park systems. This is similar to the metropolitan district of Boston which is preserving the independence of the surrounding small cities, made possible their co-operation in the great park and water systems. This will be the model for our bay cities in their present movement.

CAREFUL HANDLING.

The careful handling which he gave this exposition and the large number of pamphlets and press items which he personally wrote awakened an enthusiasm and interest throughout the country which resulted in a competition for a city plan for Düsseldorf and had its reflections in later competition in many other German cities. On account of his great success in Berlin, Dr. Hegemann was called to other cities to make reports there and then further traveled, made reports and lectured in Austria, Russia, Sweden, Norway, Italy, Belgium and Holland.

Following these exhibitions Dr. Hegemann made a trip for the purpose of collecting material for the great work on city planning which was entrusted to him by the Labor Committee of Berlin and Düsseldorf.

The first of three large volumes was on "A City Planning for Berlin," published in 1911. This was extensively reviewed in Germany and many of the foremost men of the country declared it a work of great national importance.

PLANS OF PARIS.

The second volume, dealing with city planning in Paris and other European cities has just appeared. In this last volume Dr. Hegemann has greatly added to his fame by showing how the Haussmann Plan for Paris, while a wonderful piece of beautification, has by no means solved the transportation problem which underlies the development of all cities. In Paris the transportation is so routed in a series of concentric circles as to congest all the population within the lines of the old city walls instead of providing radial transit arteries to the outskirts where the people may distribute in single family houses, over the greatest amount of land possible.

Incidentally Dr. Hegemann serves as "Honorary Secretary for the Propaganda Committee for Greater Berlin" and was one of the judges in the competition for securing building plans for the city of Düsseldorf, the most important competition of recent years, the award upon which was made in July, 1912. He has used a great deal of lecturing and spends his leisure time in sending letters upon his impressions of American cities to the Berlin newspapers, the Frankfurter Zeitung and the Stadtebau, which last is the official organ of the city planning movement in Germany.

IMBUED WITH IMPORTANCE.

A year ago Dr. Hegemann was called by the People's Institute of New York to bring these ideas to the United States. This institution was thoroughly imbued

city planning movement and wrote to the mayors of several German cities to recommend some one to push it in this country. The famous mayor Adicks of Frankfurt and the mayors of many other cities were unanimous in naming Dr. Hegemann.

Dr. Hegemann has made studies and reports on New York, Philadelphia, Baltimore, Syracuse, Rochester, Cleveland, many of the middle western cities, Denver, and lastly of Sacramento, Cal., from

Uncle Sam Deals in Electrical Supplies. WASHINGTON, Oct. 18.—Uncle Sam became a dealer in electrical supplies and equipment, announced a material with the interior department issued an order authorizing the sale of such material to settlers on public lands who were desirous of obtaining electricity from government water power plants. The order is expected to be of great assistance in the development of the reclamation projects in the west. The order makes no provision, however, for the government to purchase the material, but it does provide that the government will sell the material at a price not to exceed the cost of the material plus a handling charge. The order is expected to be of great benefit to settlers, and it is expected that it will lead to the development of the western country.

Typical Mexican Loan.

It is stated that Carranza, the nominal leader of the insur-
gular government in Mexico, has secured a loan of \$500,000
for the customs duties of the State of Sonora as security.
transaction illustrates the methods of Mexican revolution-
also the reason why foreigners bring so many claims against
Spanish-American republics. No matter whether Carranza
or loses the persons who loaned him money will demand
at from the Mexican government, and will ask the govern-
which claims them as citizens, to act as a bad debt col-
Carranza has no legal authority to pledge any portion of the
onal revenues of Mexico. His claim to being provisional
ident of Mexico has no foundation in law or in fact. The
ons who loaned him the money know all this. They entered
an illegal transaction knowing its character. Yet they call
their government to make Carranza pay.
-of Carranza and his shadowy government.
It is quite likely that the money was advanced by men who
seeking to establish other claims in Mexico resting on an
ubstantial or illegitimate foundation. It is hard to believe
men would lend Carranza a large sum of money unless they
a special reason for it. The inference is that the real con-
tention is not stated in the contract.
Many of the concessions and alleged property rights which
Americans claim to own in fact have no standing in law or equity.
were obtained by fraud and bribery, sometimes from
having no authority to grant them, in plain violation of
Mexican law. But the claimants insist that the United States
compel Mexico to recognize the legality of their alleged
rights and protect them from invasion. Much of the claims for
reparation comes from promoters and adventurers who have
a chance and have obtained shoestring titles by illegiti-
methods.
Huerta may be an assassin and an usurper, but his govern-
is the only one having a legal status in Mexico. While he
removed the lawful president and is suspected of complicity in
murder, he was nevertheless elected provisional president by
Mexican Congress as the constitution of the country provides.
Carranza was not elected by anybody. He is not recognized by
higher courts of Mexico, and he has not been recognized as
belligerent, by any civilized power. In the eyes of interna-
and domestic law, he is simply a rebel. Nevertheless he
set up a capital of his own, formed a government having no
stitutional warrant, and has undertaken to mortgage to for-
eigners a portion of the national revenue. It is this sort of thing
that makes the problem of self-government so baffling. It would
be so baffling but for unscrupulous foreigners who wish to ex-
ploit Mexico for their own profit, and not only create grounds of
contention but foment and finance internal disturbances.
There are many foreigners in Mexico who have legitimately
acquired their property rights, who are honestly obeying the
law and keeping out of the internecine quarrels which are vexing
the country. All such are entitled to sympathy and such pro-
tection as their governments can afford without violating the
rights of nations and invading a country torn by intestinal wars.
Unfortunately they are suffering in part for the sins of foreign-
ers, a good share of them Americans, who have given much
provocation for the animosity which the Mexicans entertain for
them.
A dispatch from Copenhagen says the Danes have grown
increasingly fond of the American lobster. The American lobster
is popular all over Europe. He is the best patron of the follies
of Paris, Berlin and London that comes along. The Danes want
to be passed around as a good thing.
History of a Funk Proceeding.
Louis R. Glavis, formerly secretary of the California Con-
servative Commission, brought a suit against Phil Francis, then
editor of a Stockton paper, for civil libel, claiming \$50,000 dam-
ages. Francis had severely criticized him for acting as a lobbyist
for the wealthy lumber men seeking patents for timber land, while he
was a salaried officer of the State. Glavis was paid to defend the
public lands of California from spoliation and unlawful entry. He
became the agent of lumber companies seeking to acquire titles to
timber lands belonging to the public domain.
The suit was a bluff. It was also a joke because a judg-
ment for any considerable sum would have been worthless. But
the sham character of the suit was illustrated by the fact that
Glavis made no attempt to prosecute the proprietors of other
newspapers which published the self-same statements that
Francis made the basis of his criticism. Governor Johnson also
made the same statements in a demand that Glavis hand in his
resignation. It is true the Governor acquitted Glavis of moral
turpitude, but he insisted upon his getting out of the State's
service, pointing out the impropriety of an officer of the Con-
servative Commission acting as the paid agent of land companies
seeking to acquire title to government lands.
Glavis never made any attempt to bring his suit to trial.
It has been continued from time to time because Francis took
notice of it and Glavis did not appear to prosecute it. Now
Judge Plummer of the San Joaquin Superior Court has dropped
the suit from the calendar. He should have dismissed it.
The action was not brought in good faith—at least, the neglect
of the plaintiff to bring it to trial is not an evidence of good
faith—and public policy forbids the courts being trifled with in
the manner that Glavis has trifled with the Superior Court of
San Joaquin county. Judges should not permit unprosecuted ac-
tions to be kept hanging over the heads of people who have
suffered somebody's enmity. Cases which have been kept hang-
ing as this one has been kept should be peremptorily set for
trial and dismissed of the court's own motion if the plaintiff fails
to appear and prosecute his action.
Glavis has left the State leaving an unsavory scandal be-
hind him in addition to his buncombe libel suit against Phil
Francis. We have no grudge against Oregon, but we are in hopes
that the Woodland Democrat remarks that Francis J. Heney has
been nominated for party nomination he will seek as a candidate
for the office of state auditor. The Woodland Democrat understands Heney, but does
not understand the game. He is just a candidate, and
his nomination is no matter what party label it

ON EVERYONE'S TONGUE

Inequality in Wealth Distribution.

The statement that only 280,000 persons in the United States
have incomes in excess of \$3000 a year shows how unequally
wealth is distributed in this country. It will not tend to make
the income tax unpopular; but taken rather as an argument in
favor of legislation making the accumulation of large wealth
more difficult. Sociologists are inclined to the theory that enor-
mous fortunes menace political stability and promote licentious-
ness and social laxities which dissolve moral fibre. Whether cor-
rect or not, this view has obtained wide credence among school-
men as well as the laboring class. Almost every historical com-
mentator ascribes the decline and fall of the Roman empire large-
ly to the overgrown fortunes and unbridled luxury of the privi-
leged few. But the problem we have to solve is not merely ar-
resting the growth of vast fortunes. It must be arrested with-
out destroying initiative and individual enterprise. The standard
of living in decadent Rome was higher than anywhere in the
world at that time. An unprecedented rise in the standard of liv-
ing in America has been coincident with the amassing of for-
tunes so vast as to stagger the imagination.
Where's the poundman? The wow editor of the Enquirer has
got his muzzle off again. Frothing at the mouth indicates rabies.
Sulzer and Ryan.
During his canvass for Governor William Sulzer applied to
Thomas Fortune Ryan, one of the greatest trust magnates in
the country, for a campaign contribution. Mr. Ryan gave him
a check for \$10,000, which did not figure in Sulzer's sworn state-
ment of his collections and expenditures for campaign purposes.
As he gambled the money off in the stock market, the omission
was perhaps excusable.
But Allan Ryan, son of the capitalist, testified that since he
was threatened with impeachment Sulzer importuned him to ask
his father to fix things up with Charles F. Murphy, the Tam-
many boss, and also requested the younger Ryan to make a deal
in his behalf with William Barnes Jr., the Republican machine
boss. Sulzer is contending that he has been impeached because
he has offended the Tammany boss; he also charges that Barnes
is assisting Tammany to break him down because of his oppo-
sition to boss rule. The disclosure that Sulzer solicited campaign
contributions from trust magnates and tried to make deals with
bosses of both parties is not encouraging to those who have be-
lieved Sulzer should be acquitted on the theory that he is being
persecuted for refusing to take orders from the Tammany boss.
If Allan Ryan's story is true, Sulzer is a poor creature who was
willing to take money from anybody and was ready to make deals
with the boss of any party.
Public sentiment will approve rewarding Colonel George W.
Goethals by giving him a Major General's commission; he has
rendered the country a magnificent service, and richly deserves
the promotion. But there are others who deserve to be rewarded
for the service they rendered on the Panama Canal. Colonel
Colonel Gorgas deserves a similar promotion. Colonel Gorgas
made the canal strip the healthiest spot on the globe, and
Colonels Gaillard and Sibert ably seconded Colonel Goethals and
carried out his plans. One personally superintended the con-
struction of the Gatun dam and locks and the other had charge
of the Culebra cut excavation. Each should be rewarded in pro-
portion to the service he rendered.

IN THE SOUTH

Enough has been said to prove the ex-
istence of an alarming shortage of beef
cattle. To allow depletion to go on un-
checked must ultimately mean a meat
famine. The remedy, of course, lies in
increasing the supply, but the vital ques-
tion is how that is to be done.
What better breeding place could be
asked for than in the south? Between
Virginia and Louisiana are millions of
acres of cheap, well watered lands that
could carry cattle. Climatic conditions
would make the carrying cost less than in
the north. The fever tick is being elimi-
nated. North Carolina, for instance, is
now two-thirds free from the pest. There
is room in that section (and need, too)
for thousands of cattle.
In the last census year the two Caro-
linas, Georgia, Florida, Alabama, Missis-
sippi and Louisiana had 5,768,000 head of
cattle. The census valuation looks as if a large
part of the southern cattle is native
"scrub," of which even New York and
Pennsylvania have too much. To pre-
pare such a steer for market is like try-
ing to fatten a fence rail—and the product
is about as juicy. But to establish herds
of thoroughbred stock is a costly under-
taking. The North Carolina commissioner
is trying to grade up the native stock by
placing thoroughbred breeding animals in
selected parts of the state. The plan
commends itself to common sense.
If the farmers of the south will be sat-
isfied to raise more corn and forage, and
learn to look upon well graded cattle as
mills to condense that feed for market,
they can raise an equal amount of cotton
on a similar acreage and save a part of
their immense bill for fertilizer. Inci-
dentally, also, they will be on the way to
solving the question of rural credit.—Wall

CHURCHMEN ON
MARRIAGE VOWS

Episcopalians Discuss Many Questions; Divorce Is Topic.

NEW YORK, Oct. 10.—Proposed church legislation on marriage and divorce occupied the attention of the House of Deputies yesterday at the triennial general convention of the Protestant Episcopal Church. Discussions of the "ne temere" promulgation of the Roman Catholic church regarding marriage between Catholics and non-Catholics led to a suggestion on the floor that the Episcopal Church agitate before Congress a constitutional amendment prescribing definitely what shall constitute validity of marriage in this country.

The diocese of Western New York requested the convention to consider the situation created by the Roman Catholic promulgation, the diocese urging "that

the marriage be should not be dealt with other than as the holy Scriptures and the laws of this land based thereon allowed." Rev. Dr. J. W. Ashton of Olean, N. Y., offered a resolution that the House of Bishops, five presbyters and five laymen be appointed to consider and report to the next general convention the whole subject of marriage.

RESOLUTION REFERRED.

The suggestion that the church seek enactment of an amendment to the United States Constitution was formally made by Dr. Ashton after discussion of the matter. The resolution and the Ashton amendment were referred to the committee on canons.

Similar action was taken on a resolution to amend section 3 of canon 28 to read: "No minister, knowingly, after due inquiry, shall solemnize the marriage of any person who has been or is the husband or wife of any other person then living, from whom he or she has been divorced for any cause arising after marriage."

A resolution also referred to the committee on canons, authorized that a commission be appointed to report to the next general convention "suitable legislation whereby the discipline of this church relating to holy matrimony shall be plainly set forth."

Several other important resolutions were

introduced and referred to committees. One would authorize an appeal to be made to publishers and authors to eradicate alleged erroneous teachings contained in books used in public schools. Another related to method does not give the full strength of deputies, declaring that the present method does not give the full strength of the church representation owing to the system of allowing dioceses, irrespective of size, to send the same number of delegates each.

Representation according to numerical strength was suggested.

CHOOSING BISHOP

The house of deputies today voted overwhelmingly in favor of choosing the sliding Bishop of the church by election by the house of bishops. At present this office is held by the senior bishop in order of confirmation.

To become effective, this amendment to the constitution requires passage also by the house of bishops.

The house of bishops today received a number of memorials from various dioceses. On behalf of the diocese of California it was recommended that the title page of the prayer book be changed by using the words "Holy Catholic Church."

The house of bishops held executive sessions morning and afternoon. It was announced that only routine business was transacted.

The triennial thanksgiving service, the feature of the women's auxiliary convention assembled in conjunction with the general convention, was held in Carnegie Hall, delegates from all parts of the country attending.

FOREIGNERS IN MEXICO ARE REPORTED UNEASY

MEXICO CITY, Oct. 10.—Foreigners, who until now have felt safe in the capital, were filled with misgivings yesterday by reason of the dispatch of all available troops to the north with the intention, according to the War Department, of immediately retaking Torreón. The sending out of the remainder of the Twenty-

U. S. ENDORSES
DOMESTIC COURSE

High School Education to Make Efficient Wives and Housekeepers Approved.

WASHINGTON, Oct. 10.—Endorsement of the effort to educate high school girls along lines that would tend to make them efficient wives and housekeepers is contained in a statement issued today by the United States bureau of education. The federal educators point to the course laid down by the Wadsworth high school in New York City as being a model of its kind. The course has been watched carefully by the bureau of education and its practical side has been advanced by it.

"The work is taken chiefly by students who do not intend to go to college," the federal educators set forth. "But who wish to make the best use of their time while in high school, and it is particularly recommended for those

Valuable Discovery in
Complexion Beautifier

(From the Home Maker.) Because of its peculiar power of absorption, also because it serves every emollient purpose, ordinary mercurized wax is the best for use before retiring, allowing it to remain on the face and morning wash off in the morning with warm water. All druggists have this wax in original one-ounce packages. For the removal of a wrinkled or flabby condition there's nothing better than to have the face in a solution made by mixing a ounce of pure powdered axolite in ½ pint witch hazel. Beneficial results are quickly noticeable.

who expect to stay in school only two years or less."

The course is declared to be both "practical" and "cultural," giving opportunity with requirement and much of the information that ordinarily would enter into the task of managing a home. Domestic science and art, household arithmetic, the care and remodeling of clothing, household chemistry, millinery and dressmaking are among the principal subjects.

EARTHQUAKE ALARMS

RESIDENTS OF MESSINA

MESSINA, Sicily, Oct. 10.—A strong earthquake shock lasting 12 seconds occurred here yesterday and caused considerable panic just at the time when the American Red Cross Orphanage, erected from funds collected in the United States at the time of the great Messina earthquake, was formally opened here yesterday.

SNOWSTORM DAMAGES APPLES.

ROSLYN, Wash., Oct. 10.—A snowstorm that descended upon Roslyn broke all records for snow fall in this city at this season and did thousands of dollars' worth of damage. The trees, was severely damaged. Other fruit and shade trees suffered, and telephone and telegraph lines were carried down.

HIS STOMACH TROUBLES OVER

Mr. Drapetich, would you not like to feel that your stomach troubles were over, that you could eat any kind of food you desired without harm? That was seen so many of you that you do not even hope for an ending of your trouble, but merely wish to assure you that it is not altogether impossible. If others can be cured permanently, and thousands have been, why not you? John R. Barker, of Battle Creek, Mich., is one of them. He says, "I was troubled with heartburn, indigestion, and liver complaint until I used Chamberlain's Tablets. Then my trouble was over." Sold by Osgood Bros. Drug Store.

GIRLS! BEAUTIFUL, CHARMING HAIR,
NO DANDRUFF--25 CENT DANDERINE

Try This; Doubles Beauty of Your Hair and Stops It Falling Out.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse

the hair of dust dirt and extraneous oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it, surely get a 25-cent bottle of Danderine. Danderine from any drug-gist or toilet counter and just try it.

GRAND OFFICERS CHOSEN BY GOOD TEMPLARS

SAN JOSE, Oct. 10.—At the fifty-fifth annual convention of the Grand Lodge of California of the International Order of Good Templars, the following officers were elected and installed: Grand chief templar, Rev. J. S. Scaville, chairman, grand secretary, Mrs. A. C. Banta, San Jose; grand counselor, Mrs. Rose Burgess, Los Angeles; grand superintendent of juvenile work, Mrs. D. W. Rohrbach, Watsonville; grand treasurer, W. P. Netherton, Santa Cruz; grand secretary, Theodore D. Kanouse, Los Angeles; grand marshal, R. E. Teott, Morgan Hill; grand trustee, F. H. Taft, Los Angeles; G. D. Kellogg, Newcastle; W. H. Hull, Santa Monica; grand assistant secretary, Miss Gladys Banta, San Jose; grand electoral su-

PORTLAND WILL GREET SAN FRANCISCO GIRLS

PORTLAND, Or., Oct. 10.—The Royal Rosarians are not to enjoy unmolested a monopoly of the company of the Portland girls on their forthcoming visit to Portland. Spurred by the Rosarians' recent announcement of plans for receiving and entertaining the fair visitors from San Francisco, the Portland girls have now each been given part in the entertainment plans.

Each of these organizations will be represented in the gathering at the Union depot when the Portland girls' train rolls in, according to arrangements completed today, and it is planned to give the California misses a reception which they will have cause to remember.

KILL'S STEPFATHER.

DES MOINES, Ia., Oct. 10.—William M. Straight, 27 years old, early yesterday shot and killed his stepfather, Clarence Grimm, 36, after a quarrel at the Grimm home here. He told the police he killed his stepfather to protect his mother.

USING DANGEROUS CALOMEL

A Safer, More Reliable Remedy Has Taken Its Place in the Drug Store and the Home.

A few years ago, men, women and children took calomel for a sluggish liver and for constipation. They took risks when they did so, for calomel is a dangerous drug. Your family doctor will be the first to tell you this if he discovers you dosing yourself with calomel.

But the drug trade has found a safe, pleasant remedy in Dodson's Liver Tonic.

Druggists tell us that their drug stores now sell Dodson's Liver Tonic in practically every case of biliousness and liver trouble where calomel used to be taken.

Dodson's Liver Tonic is a vegetable liver tonic that is absolutely harmless for children and grown people. It sells for 50 cts. a bottle and is guaranteed to be entirely satisfactory by all druggists, and any store selling you a bottle will refund your money with a smile if it does not give quicker, gentler relief than calomel without any of calomel's unpleasant after-effects.

TAYLOR NAMED OIL FIRM'S RECEIVER

Court Considering Granting of Restraining Orders.

Palmer Company Stockholders Place Fight Before Judge Wells.

Samuel J. Taylor of this city was today appointed receiver of the Palmer Oil

as the result of a suit commenced yesterday by a group of stockholders headed by E. E. Henderson to set aside certain transfers of stock made by the directors in an alleged fraudulent manner. The receiver gave a bond of \$15,000. Judge Wells is still considering the matter of granting a restraining order against the directors of the oil company, but it is probable that the order will be issued and it is understood that in that

The suit is brought by stockholders representing 600 shares and involves reversionary assets formerly held by the Palmer Oil Company worth \$2,000,000 and \$600,000 in dividends alleged due stockholders.

The Palmer Oil Company as a corporation has been dissolved through action of the directors, who it is alleged, voted to discontinue their franchise as a corporation and to transfer the assets of the company to the directors. The assets of the Palmer Oil Company were then taken up by the Palmer Oil Company, a concern which it is further alleged the directors of the other corporation, controlled.

Frank Lamson Brown, J. C. Kemp Van Ee, Attorney Louis A. Hilborn, H. C. Stratton and Charles E. Ladd, member of a Portland banking firm, are named as defendants to the suit, together with the Anglo-California Trust Company of San Francisco.

That at the time the alleged substitution of watered stock in the Palmer Oil Company for capital stock of the Palmer Oil Company took place the former company was unable to pay interest on its stock and bonds then due and that the transfer was made to evade such payments in part is a further allegation in the complaint.

Superior Judge Wells this afternoon made an order restraining the directors of the Palmer Oil Company from interfering with the receiver and from making transfers of stock or other holdings of the concern pending the final of the litigation.

TREASURE HUNTERS SEEK 'CAPT. SANDS'
Forgets Tryst at Catalina Island With 10 "Subscribers"

LOS ANGELES, Oct. 10.—Ten young men from as many states, who have vainly waited since October 7 for "Captain Sands" to keep tryst with them at a secluded spot on Catalina Island, disclosed today that the authorities believe to have been a colossal swindle on the part of the fictitious Captain Sands.

According to the victims' story each subscribed \$25 to a proposed treasure hunt, which "Captain Sands," an adventurer and mariner, promised to conduct. Magazine advertisements of Sands' fortunes. The would-be treasure hunters said they sent \$25 each to Sands at 323 E. East Street, Seattle, and the check came to Los Angeles expecting to meet "Sands" as per his instructions. Six of the young men gave their names and addresses as follows: Walter Bloer, Milwaukee; Ben Dishing, Ohio; J. L. Robinson, Dayton, Ohio; E. B. Blum, Boston, W. A. Alsford, St. Paul, and O. W. Carpenter, Portland. The others declined to disclose their identity.

Duvall Heir Not To Come Here Now
That Mrs. Amelia Duvall Stevens, heiress to the vast fortune of the late Alexander Duvall of the Chateau de la Vierge, will not come immediately to California to claim her inheritance was stated today by Attorney Henry L. McPike, who has been retained by Chicago attorneys to handle the matter in the probate court here. It is understood that papers dealing with the claim of Mrs. Stevens are to be forwarded from Chicago, where she was located several days ago through reading accounts of the auction sale of her father's personal property at the Chateau last Saturday. Preliminary action to "freeze" the estate set aside to the heiress will probably be taken in the near future. Later it will be necessary for her to come here to testify.

ITCHED FOR 20 YEARS, RESINOL CURED IN 10 DAYS
BALTIMORE, Md., July 10, 1933.—"About twenty years ago both my legs began to itch from ankle to knee. Little pimples came out that looked very much like hives. The itching and burning was something terrible. I would start to scratch and could not stop. I would even scratch through the skin and that of course would leave a sore which I was compelled to bandage.

"I tried several prescriptions and treatments, but received not a particle of benefit—more than that the treatments were cold water. I then began to have very little faith in anything and of course

after suffering constantly for twenty years, a friend recommended Resinol Soap and Resinol Ointment. I began to use them in application. I found relief, and was entirely cured in ten days. The itching and stinging sensations have ceased and my skin is as smooth as a child's." (Signed) Charles Warner, 1123 N. 24th St., St. Louis.

Physicians have prescribed Resinol for countless ailments and every druggist in the country sells Resinol Soap and Resinol Ointment. For free trial, write to Dept. 14-R, Resinol, Baltimore, Md.

CHICKENS IN EMBRYO, Destined for Heads, Not Sambo's Lure
"An egg shampoo is all right if the egg is all right, but if the egg is sham; oh, pooh!"

This motto, adopted by the Hotel Oakland barber shop, caused that shop to order nothing but the finest quality of fresh eggs for this particular branch of its business, and as a consequence several barbers and one colored porter got into trouble.

Eggs cost 55 cents per dozen. They disappeared fast in the barber shop. The hotel authorities decided to investigate. Clues led to the negro porter, and he was called into Manager Reiter's office. He denied so much as kidnapping one egg. Reiter dismissed him.

The porter swore vengeance. "I will find the culprit and clear my name," he declared to the manager. Today Manager Reiter received from the porter the following report: "Mr. Reiter: I saw barber No. 6 suck three eggs today. That's

"SAMBO." Reiter has placed all the eggs in the custody of the head barber, with instructions to account for them. Heads, not stomachs, will benefit by them hereafter.

DAY OF ATONEMENT USHERED IN AT SUNSET
Services to Be Held in All the Jewish Sanctuaries This Evening.

Proceeding the Day of Atonement, which will be observed tomorrow by the Hebrews in all the synagogues, Kol Nidre services will be held this evening at sunset in all the sanctuaries. Sacred numbers will be sung in Hebrew and English by augmented choirs led by special soloists, while the significance of the holy day will be explained in the sermons. In deference to the holiday the Jewish merchants will close their establishments tomorrow.

ARMY MAN IS WAYLAI D AND SERIOUSLY HURT
SAN FRANCISCO, Oct. 10.—Clarence Harshman of the Sixty-fourth Company, Coast Artillery, stationed at Fort Scott, was waylaid and injured by a man with an iron bar by a man with whom he had an argument early this morning. He was treated at the Harbor Emergency Hospital and the police are looking for a chauffeur, who, Harshman's companions say, administered the assault.

WILL USE PHONOGRAPH.
NEW YORK, Oct. 10.—John Purroy Mitchell, fusion nominee for mayor, had to give up speaking yesterday because his voice gave way. To meet emergencies, should his voice go back on him in the future, phonographic records of some of his speeches are to be made.

How Any Woman Can Remove Fuzzy Growths
(The Modern Beauty)
Many beauty shops use a delicate neck or arms, as it is more satisfactory in every way than the electric needle. Enough of the powdered delatone and make it into a paste, and spread on the hairy surface for 5 minutes, then removed and with it comes every bit of hair. After the skin is washed it will be firm and free from blemish. To insure best results, buy the delatone from your druggist in an original package.

LEADER'S AIDS CHOSEN.
STANFORD UNIVERSITY, Oct. 10.—After a three weeks' tryst, C. F. A. and C. F. A. have chosen their leaders. The selection was made by the executive committee, and was based on the preference shown by the straw vote taken on the bleachers at the rugby games. Kuhl is a member of Sigma Nu fraternity, and Nixon belongs to Delta Tau Delta fraternity.

THREE BURGLARS ARE FRUSTRATED IN WORK
SAN FRANCISCO, Oct. 10.—Three burglars who had carefully planned the robbery of Campodonico's saloon, Union and Stockton streets, at 3 30 this morning, were frustrated by Mrs. S. Viviana, of 573 Union street. Mrs. Viviana caught sight of two men looking up and down the street and encouraging a third who was in the act of jimmying a side window in the saloon. She screamed for help and the culprits fled.

"HOOKED" HAMS; NOW UP FOR PETTY LARCENY
Fred Runge, who was arrested some months ago when he was alleged to have hooked several hams with a long pole from a butcher shop, was taken into custody on a petty larceny charge today for the alleged theft of milk and bread from a doorstep at Seventeenth street and San Pablo avenue.

Judge Alton B. Parker Inflicts Severe Lashing in Speech.

Denounces Defendant as Utterly Unfit for Any Trust.

ALBANY, N. Y., Oct. 10.—Never since the impeachment trial of Governor Sulzer opened has he been subjected to such a severe verbal lashing as Judge Alton B. Parker delivered in his remarks for the board of managers today. The castigation came before the court had fairly settled down to work, the judge merely taking a few minutes of the morning session before giving way to Judge D. Cady Herrick for the defense.

"Before this bar the defendant stands guilty of these offenses charged by the impeachment and proved by uncontroverted evidence," said Judge Parker.

"Before the bar of the court of public opinion this defendant stands condemned on the further damning testimony of his shifty defenses and his futile efforts to dodge by technicalities the trial of the issues before this high court. In these actions, public opinion, with a freedom not committed to judicial opinion, finds direct evidence of guilt. The same public opinion takes cognizance of the fact that the defendant is suffering from such a severe attack of moral near-sightedness that even when directed by a myriad of scornful fingers, he cannot discern the criminal and dishonorable nature of the acts proved.

JUSTICE SEES PATHETIC.

"Even justice must see through its severe eye something of the pathetic in this defendant's frantic efforts to cover the nakedness of his wrong-doing.

Defiance, defense, justification, perversion, denunciation of his accusers, attempts to suppress and falsify testimony and efforts to cast the blame elsewhere—each in turn has been stripped from his quaking flesh until he stands now naked before the court without a rag of his attempted vindication clinging to his deformed and mutilated manhood.

"Every disguise has been torn from his back, from the prettiness in which he trusted for safety to the armor of defiance in which he threatened to attack and expose a political leadership to which we have found him suing for a merciful obliteration of his misdeeds and offering the bribe of submission.

CHANNELS OF WARRIOR INTELLECT.

"No act of his shows more perfectly the complete baseness of his character, unfitting him utterly for any public or private trust, than does his effort to coerce the members of this court through channels which his warped intellect mistakenly believed would hold the scales of reason.

"Regardless of the origin of these charges, regardless of any personal feeling of discomfort, this court must, we feel certain, find on all the evidence that this defendant has been guilty of misconduct so gross as to necessitate his removal for the honor, peace, prosperity and good government of this community. With this court alone rests the duty of delivering this state from the menace that hangs above it so long as this man remains in the executive chair.

"And to this court we shall commit the decision of the case against William Sulzer, securely confident that the honor, safety and welfare of this Empire State are secure."

SUBSTITUTE SECRETARY.

ALAMEDA, Oct. 10.—Miss Hazel Smith is substituting as Mayor's secretary for Miss Hazel Dugdon, the regular secretary, today. Miss Dugdon is suffering from a slight indisposition, but expects to be at her post of duty within a few days.

Swallows Lysol After Quarrel With Her Mother-in-Law.

Rushed to Hospital; the Girl Is Hypersensitive, Says Relative.

Unable to live at peace with her mother-in-law, pretty Annie Dreyfous, a bride of three months, attempted to take her own life last night at the home of Mrs. M. Dreyfous, by swallowing the contents of a vial of lysol in the presence of her husband. She was rushed to the Fabiola hospital, where she was placed under the care of Drs. Sutherland and Campbell.

Only the quickness of Charles L. Dreyfous, the husband, in tearing the bottle of burning acid from the hands of his wife saved the young woman's life. She had already swallowed more than half the contents of the bottle before he was able to reach her. At the hospital it was declared today that Mrs. Dreyfous would probably recover, although her life was despaired of last night.

Dreyfous, who is bookkeeping for the Commercial Draying Company of San Francisco, has been living at the home of his mother, 372 Sixty-second street, for some weeks, and according to the police who investigated the attempted suicide, the girl's act was due to despondency over continual bickering as to who should be head of the household.

GIRL HIGH STRUNG.

Mrs. Dreyfous Sr. declared today that the girl was in a high-strung condition, and that it was nervousness and hypersensitivity that had led her to attempt suicide. She stated that she had treated her daughter-in-law with the utmost kindness, and that there had been no quarrels that amounted to serious differences between them.

Dreyfous and his bride went to their room last evening at an early hour. The police declare that they were informed that there had been a scene, growing out of trouble between the bride and her mother-in-law.

Husband and wife argued the matter while preparing to retire. Suddenly, when he was half undressed, Dreyfous saw his wife reach down inside her bodice and take out a small bottle.

"I can't stand it any longer," she is reported to have said. She placed the tiny flask to her lips and drained half the contents before Dreyfous could rush across the room and wrench the poison from her hand.

POLICE NOT INFORMED.

The attempt at suicide was made at 9:30 last night, but the police were not informed of the affair until close to midnight.

The young woman was rushed in an ambulance to the Fabiola hospital. Heroic measures were resorted to. Her life was saved, but she is still in a critical condition.

Mayor Heywood Addresses Alameda County Civic Association Meeting.

Emphasizes Present Need of Securing Lines of Oakland Traction Company.

Emphasizing the urgent need of securing for public ownership the lines of the Oakland Traction company, Mayor Charles D. Heywood, of Berkeley, last night addressed a well attended meeting of members of the Alameda County Civic Association in the Chamber of Commerce building, at Thirteenth and Harrison streets. "The time has come," said Mayor Heywood, "when we must look at these things from a broad standpoint. The future must be looked after. But to do this we must not lock to these things with exceptional loyalty. In other words, don't boost your own locality alone—that's detrimental—but look at them all and results will be accomplished. Not only shall Oakland work for its own interests, but Alameda and Berkeley as well, while they in turn work with her.

"Nine mayors of nine cities on the eastern shore of San Francisco lay advocate municipal ownership of the Oakland Traction lines. The system has been asked to improve its streets, but declared that it was impossible for financial reasons to do so, suggesting that unless allowed time, the cities should take and purchase the lines.

"All of the eight other mayors acquiesced. I didn't. Either the railway shall repave the streets or they shall forfeit their franchise. We must make them do anything except forfeit their franchise, which would by no means do any good. But we can buy them.

"The people want to rule. Municipal ownership has been hanging fire for years and it will come sooner or later. Why not now? Today the time has arrived when action should be taken. This action should have been taken years ago when the finances involved would have been considerably lighter than they are now. Each year the value increases, and another year may find the value of the road enhanced in value.

PEOPLE WANT OWNERSHIP.

"Fifteen or twenty years ago anybody could get a franchise. 'Sure,' said the people, 'just take any street you want. We're glad to have you.' But each year has seen more requirements on the corporations. Each year new amendments are made, demanding that the company put in better street work, more cars, better service, lower fares, etc. This merely goes to prove that the people want public ownership. At present the people practically control the public utilities. What they want they usually get. But the people are not satisfied. They want an interest in the profits. The Railroad Commission represents the people. And the people are represented by the Railroad Commission.

"I don't see how the demands of the people have increased and the utility companies have at least thrown up their hands and shouted 'we cannot.' The roads have laid no tracks since the fire of 1905, except three small lines and these by a bonus of the people. The time of the people bonus, here, has passed. Either the charter must be amended or the people must own and operate the public utilities themselves.

"But we can't," say the public. Why ladies and gentlemen, the public is doing it today. Now, if individuals can own the lines and get money out of the system why not we? Aren't we practically superintending the system?"

Heywood then explained the advantage of taking over the Oakland Traction lines at the \$22,000,000 figure.

"It would be necessary to pay but \$2,000,000 in cash, declared the Berkeleyan.

"The remaining \$20,000,000 could be taken in bonds. With the profits from the lines we could wipe out the entire debt in 1942 and then we would have the benefit of the line's profits. At present,

Something Coming Off at Fremont High Have Faculty's 'Ruminant Quadruped'

IN THE UPPER LEFT HAND CORNER IS MISS MARIE WHITMORE AND TO HER RIGHT ARE MISS VIOLET OBERTON AND MISS MARGARET THE TWO WILL APPEAR IN THE FREMONT HIGH SHOW THIS EVENING.

But a few hours remain until the curtain rises on the vaudeville show of the senior class of the Fremont High school. During the interval, the students who will participate in this evening's affair are going through the final rehearsal stage. The ticket sale has exceeded expectations and it is anticipated that the auditorium will be full.

The Oakland Traction system is unsurpassed the country over. It is constructed far ahead of its time. Lines extend and cover almost every section of Alameda county, making it possible to get to any part of the county without difficulty. With all of the tracks down, the cost of running the road would be practically nothing as compared with the profit which would be reaped.

TAKES BERKELEY FOR EXAMPLE.

"Take for instance Berkeley. We have five main lines running into our city. Our city can double, yes triple in population and it will not be necessary to lay new tracks although new cars might be put on, which, however, is only of a minor consequence.

"We now have the opportunity to purchase the Oakland Traction lines. Are we going to do it? If you remember, the city once had an opportunity to purchase the Peoples Water company. The city wanted to pay \$4,000,000. The company wanted \$5,000,000. Neither would give in, and the deal was not made. Could you buy the Peoples Water company for \$5,000,000 today? I guess you will agree that you cannot. There is no difference in the number and grade of pipes laid then as are now down. In fact the pipes may be slightly rustier. So you see, each year increases the value of the thing.

"It has been said that the price is too high. Official statistics show that the Geary street line in San Francisco cost \$107,000 per mile to lay. Oakland has 250 miles of street car tracks. This would mean that laying the tracks, without including cars and other apparatus, of the Oakland Traction company, are worth \$25,000,000.

Statistics also show that the company was established and was enthusiastically applauded when he had finished.

Charles F. Conner, president at last night's meeting, Judge John G. Coburn, of Emeryville, provided a slight sensation when he flatly refused to apologize for the criticism of the action of the supervisors in making up the budget. Sulzer was especially peeved at Supervisor John Mullins, declaring that "after allowing me to wait in the hall for two hours and one-half he finally brought out the budget—but it was 1912. And the figures given me on this year's budget were utterly untrue."

Mark L. Requa told of the investigation of the Alameda County Tax Association into the purchase of the department and of the "rather promiscuous expenditure of funds." His remarks were given a hearty reception.

A number of routine matters were also disposed of during the course of the evening.

that the spacious school auditorium will be taxed to its capacity.

It is noticeable that the front rows of the auditorium have for the most part been reserved by boy students. It is also noticeable that from whisperings emanating from the imperial sanctum of the senior headquarters, the members of the faculty have become very uneasy and have manifested great curiosity in several instances resorting to the time honored custom of peeping through the key hole. However, those in charge have succeeded in stopping up every means of premature information in regard to the evening's entertainment and only those who are on the "inside" know what will be given on tonight. There will be dancing. Everybody knows that. But they don't know just what kind. There will be singing, too. Also several surprises are on tap, and it is those that everybody wishes to see. A slight hint of the impending performance was slipped out by a member of the senior class.

"You know," he remarked, "we have slim faculty members, and some stout ones. Also we have one whose catch is very thin."

This is the only information which has been divulged.

Miss Violet Oberton and Miss Margaret Oler will appear in a dancing act, "Punch and Jigger," an operetta, will be given by Miss Marie Whitmore, Kenneth Craft and Robert Vose. Eugene Clinchard, a six-year-old miss, will appear in a specialty.

In the skill, "A Proposal Under Difficulties," the following will take part: Vernon Dent, Leslie Fletcher, Howard Vose and Miss Angolina Petty. Singing and chorus numbers will be provided by the Apollo Quartet, composed of Harvey and Tom Miller, Will Meyer, Dick Brown, George Kydison and Al Hunter. Jay Roberts and Vernon Dent will entertain in a singing, dancing and piano playing act.

ARGUMENT ENDS IN BAD INJURY

Man May Die as Result of His Opinion on World's Series.

SAN FRANCISCO, Oct. 10.—A friendly argument over the world's series resulting in a few taunts on the part of several bystanders is liable to cost the life of Edward Lynch, shipping clerk for the Del Monte Mills, living at San Anselmo.

Lynch declared that he was sitting at his desk when he was struck on the head by a baseball thrown across the room. Up to that time he declares that he had taken no part in the argument and in the taunting of his assailant. The latter, infuriated, dashed into the crowd with his improvised weapon and crushed Lynch's skull. He may die.

COUNTY TAX COLLECTOR IN ALAMEDA OCT. 28

ALAMEDA, Oct. 10.—County taxes may be paid to a deputy tax collector, who will be at the Alameda city hall on October 28. The property owners are requested to bring their last year's tax receipts for purposes of comparison, when applying for their new tax bills. The bills will be distributed and taxes collected on October 28.

READ TICKET OF ALLEGED MURDERER

Alameda Woman Identifies Fresno Traveler as Said Ali Kahn.

Applied to Her for Information at Richmond Station.

ALAMEDA, Oct. 10.—Establishing that Said Ali Kahn, alleged slayer of Rosa Domingo, took train from Richmond to Fresno last Friday morning, an Alameda woman, the only other person in the Santa Fe station in Richmond, where Kahn purchased a ticket, has told her story to the Richmond police. Mrs. E. J. Ellis recognized in the published picture of the alleged murderer the man who in his nervousness applied to her for information as to the reading of his ticket. It was not until the picture of the man said to have slain the girl and thrown her body into the bay was published that Mrs. Ellis realized that she was to be an important witness in the case. The importance her information would be to the police then led her to tell of her experience to the authorities. Mrs. Ellis resides at 1514 Encinal avenue. To a TRIBUNE representative this morning she told the following story:

"I was seated in the Santa Fe station in Richmond last Friday morning when this Said Ali came in. He appeared to me to be very nervous and I attributed his condition to having been drinking. He went to the ticket window and asked for a ticket to Fresno, cautioning the agent to be sure and make no mistake.

READS TICKET FOR HIM.

"After the purchase of the ticket had been completed the man seemed less agitated than he was before. He paced about the waiting room and noticing that I was the only other person present, he moved over to where I was sitting awaiting the arrival of the train and asked me as to the destination of his ticket. I took the card and told him the ticket was to Fresno.

"He appeared very fidgety and frequently inquired of persons passing the station whether they thought the Fresno train was late. After the arrival of the train at 9:15 o'clock he rushed to the trainmen and having been repeatedly assured that he was on the right train entered one of the cars.

"There is no chance of my being mistaken, as every act and motion of the man made a decided though repellent impression upon me. I could pick him out of a million and I recognized the picture before I had my paper fully open. I have told my story to the Richmond police."

ENCINAL CITY WOMAN OPENS ESPERANTO CLASS

ALAMEDA, Oct. 10.—Mrs. Emma Rathgeb has established a class in Esperanto, the new universal language, and is giving free instructions at her home every Monday evening. She has been appointed editor of the official magazine of the Esperantists. In her class Mrs. Rathgeb has a clerk from the Palace Hotel in San Francisco, who says that the management has requested all the clerks to learn the language, as many of the foreign guests are able to understand and converse in Esperanto.

Mrs. Rathgeb has 18 members in her new class.

UNIVERSITY OF CALIFORNIA, Oct. 10.—Tomorrow the first "final" intercollegiate game of the 1913 football season will be played on California Field. The California freshmen will be given their first test in the annual contest with the Varsity team from U. S. C.

After a seven weeks' practice season, including nineteen games, Coach Schaefer and Bert have picked fifteen men to represent their class in the game, which will end its freshman football history. This year the task of selection has been an especially difficult one. One hundred and fifty-four first-year men originally signed up for suits. When the roll was called after one week's practice only thirty-four of the original list were present. In this number there were a large number of mediocre players, but an exceptionally small amount of good rugby material. It is under such handicaps that the coaches have been forced to work this season.

FRESHMEN HAVE STRONG SCUM.
The strength of the team is almost evenly distributed between the forwards and the backs. The back is an exceptionally heavy one, averaging 155 pounds for the eight men. These same forwards have worked in eight practice games side by side. Their team work and personal familiarity should be present in a marked degree in tomorrow's scrum. With the back field men, the case is different. Nearly every position has been undecided and there have been several competitors for every place. However, the names of the men for tomorrow's game has played brilliant rugby at one time or another during the preparatory weeks. If every member of the line can

KRAENZLEIN IS FITTED U. C. VARSITY AND SANTA CLARA TO LINE UP TOMORROW

Alvin E. Kraenzlein, who recently sailed for Germany to take charge of the German Olympic training corps which will prepare the German athletes for the games to be held at Berlin, is the second American trained athlete to assume such a position. Like Eric L. Hjerberg, who prepared the Swedish team for the games at Stockholm in 1912, Kraenzlein was born abroad and came to this country in his youth. He attained athletic prominence in Milwaukee while still in his teens.

As a student at the West Division High School he was looked upon as a youthful phenomenon. As an example of his ability he is credited with 100 yards in 10 2/5 seconds, considered a remarkable performance in 1911. From the Milwaukee high school he entered the University of Wisconsin and later the Badgers for the University of Pennsylvania.

It was while a track team candidate there that he came to the notice of the famous trainer, Mike Murphy. The latter realized that Kraenzlein possessed athletic ability of unusual caliber and proceeded to give him personal attention and coaching. As a result the young German developed into one of the best intercollegiate track and field champions that ever carried victory colors to victory.

Possessed of great stride and spring he soon proved to be the leading sprinter and hurdler of his day. Kraenzlein was at the height of his athletic career in 1909 when he scored eighteen points for Pennsylvania at the intercollegiate games by winning the 100-yard dash, 120 and 220-yard hurdles and second place in the broad jump.

Kraenzlein was the first broad jumper to pass the twenty-four-foot mark and at one time held seven world's records. Although he specialized in the sprints, hurdles and broad jump he would have proved a splendid all-around athlete had he tried for that title. He cleared six feet in the high jump; threw the discus to within a few inches of the record, and ran the quarter under fifty seconds.

After completing his active athletic career he followed in the footsteps of Mike Murphy and turned trainer.

After several years at Mercedburg Academy and Harvard Grammar School, Kraenzlein succeeded Keene Fitzpatrick as athletic trainer at the University of

Uhlen Trots a Mile in 1:54 1/2

LEXINGTON, Ky., Oct. 10.—Lowering all records for light harness speed at a mile, Uhlen, the "Black Wonder," made his farewell appearance here yesterday, trotting the distance in the unprecedented time of 1:54 1/2. He was hitched double with a running mate to four wheeled wagons and driven by Charles Tanner. Trotting in magnificent form he made the quarters in 0:28 3/4, 0:57 1/4, 1:29 3/4 and 1:54 1/2.

ALL-VALLEJO PLAYERS MATCHED

VALLEJO, Oct. 10.—Manager Billy Vinton has secured a return engagement with the crack Brooklyn of San Francisco, the contest to take place in the early part of the month. With the time between now and the date of the return game, the locals have an opportunity to act in the best of form and improve their weak points, which were evident in their contest of last Sunday, and they should have an excellent chance to retain their last laurels.

MARTIN SHERIDAN IS UNDER KNIFE

NEW YORK, Oct. 10.—Martin Sheridan, athlete of Olympic games fame, entered a hospital today for an operation on a growth on the spine. He was kicked by a horse some years ago and the injury has been a constant source of trouble. Examination showed, for recent severe pains in his back.

BERKELEY INCINERATOR SOON READY FOR WORK

BERKELEY, Oct. 10.—The municipal incinerator plant on the bay shore near the foot of Harrison street is practically completed, and it is believed it can be made ready for use within the next three weeks. The incinerator is to be thrown open for public inspection on the day when it is first put in operation. It has been several months in the course of erection. The building and stack are complete and the last of the machinery will be installed by the end of next week.

Best Cough Medicine for Children.
"I have used Chamberlain's Cough Remedy for my children for years both for my children and myself and it never fails to relieve and cure a cough or cold. No family with children should be without it. It gives immediate relief in cases of croup. Chamberlain's Cough Remedy is pleasant and safe to take, which is of great importance when a medicine must be given to young children. For sale by Geo. W. Ross, Drug Stores."

RATES TO FIREBAUGH AND RETURN

Round trip tickets will be on sale to the above point on Saturdays and Sundays for October 18, 19, 25, 26 and November 1 and 2. The final return limit of Monday following date of sale, and will be sold at a rate of \$5.10 from all Southern Pacific offices in Alameda, Berkeley, Berkeley University Avenue, Fruitvale, Melrose, Oakland, San Francisco and South Berkeley.

For additional information see SOUTHERN PACIFIC agents.

LEGAL NOTICES

DENIES RIGHT TO SHOOT.

EDITOR TRIBUNE: I have from time to time read with much amusement in your paper the controversy going on between the members of the city council regarding one of man's best friends, the dog. For one moment I deny the right of the city council to pass ordinances regulating the muzzling of all dogs not any other ordinance regarding the running at large of said "big Y!" but when a member of the council insists upon shooting of all unmuzzled dogs he is assuming a little more than I don't believe a dog could ever be a friend to him, or he would never allow such a thought to ripen in his fertile imagination. If he has carried out his shooting threat, he or some one else will have to make good to the owner of many a dog shot, for dogs are personal property and he has no more right to order a dog shot than is unmuzzled than he has the right to order one's horse shot because it is not tied when standing on the street.

There is that about said "big Y!" which makes him a nuisance in this state as there is Dr. Blue's. There never was any rabies nor any plague in this state, and if Bill Jones was alive I would prove it.

I admire the stand that some of the council takes in not agreeing with such orders.

I suppose I have had more to do with your only friend, the dog, than any man in the state of California, and when I read such nonsense it almost drives me to the bottle.

Regarding my remarks about the plague I don't believe a dog could ever be a friend to him, or he would never allow such a thought to ripen in his fertile imagination. If he has carried out his shooting threat, he or some one else will have to make good to the owner of many a dog shot, for dogs are personal property and he has no more right to order a dog shot than is unmuzzled than he has the right to order one's horse shot because it is not tied when standing on the street.

ARTHUR

**Oak Pitchers Always
Sick Thursday**

Manager Devlin is beginning to
experience some of the troubles
which oppressed his predecessor
when it came to choosing a pitcher
to face the home ground fix.
Yesterday he had picked O'Brien,
but when the time came for prac-
tice Buck sent word that he was
ill in bed with an attack of crystal-
lins. The unsuspecting Devlin
turned to Dwight Stone, but at the
last glance the St. Louis twirler
remarked quickly, "I've got a bad
cold in my arm; it's very sore,
but I can't be walked out of my
arm."

**SACRAMENTO WOLVES
TO BARN-STORM**

Sacramento Valley fans will get some
next season games of high quality. Jack
Horn, former manager of the Galt club,
and more recently manager of the Red-
ding club of the Northern California
League, is busy engaged booking games
with Trolley League clubs for a team
made up from those of the Sacramento
Coast League, who stay on the coast
during the winter. Three games are al-
ready booked, and any of the Trolley
League teams will be accommodated.
Horn's plans carry the barnstorming
tour will culminate on the first Sunday in
November in a game between the Coast
League and an All-Star team of the
Trolley League. The fans of the Trolley
League will be asked to determine some
method for the selection of an all-star
team, and this will line up against the
Wolves in a big game in Marysville to
wind up the Sacramento Valley baseball
season in a blaze of glory on Sunday, No-
vember 2.
Sailor Stroud and Dutch Klawitter will
bear the brunt of the pitching on this val-
ley tour. Jack Bliss will do the catching.
In the infield will be Kenworthy, Hallinan,
Van Buren and Young or Stark. In the
outfield will be Shultz Lewis and the
champion home-run hitter, Charley
Swain.
The first game will be played, accord-
ing to the present schedule, on Thurs-
day, October 30. Games will be played
Thursday, Friday, Saturday and on Sun-
day morning, with the All-Star game as
the Sunday afternoon finale.

**MACDONALD BOWLERS
WIN ON GREEN**

A fifteen end match of bowling was
played on the Lakeside Park bowling
green yesterday afternoon between teams
skipped by A. C. MacDonald and James
P. Taylor. Three players composed each
team, each man playing three bowls.
While an odd man—Dr. Murray Johnson—
played two bowls for each side. Macdon-
ald had Robert Daisel Sr. and L. G. Bur-
pee as his partners and Taylor's mates
were W. Peterson and George B. M.
Gray. Although the match was close at
the finish on the number of points scored,
Macdonald had Taylor beaten to a finish
on the number of ends won, scoring nine
out of the fifteen played against only
six in which his opponent triumphed.
Following was the score:
Macdonald 325 291 232 610 610-15
Taylor 330 320 300 491 295-17

**McALLISTER BROS. ON
WAY EAST**

Al and Bob McAllister are today en-
route east via Portland and Vancouver.
The two brothers have been quietly near-
ing their money for some time, in fact,
over since McAllister made his debut here
in Oakland against Willie Meahan. The
brothers have a patent which they be-
lieve is a money-maker and if they can
secure financial backing, Bob may never
enter the ring again. The McAllisters
think that if the New York promoters really
desire to see the lanky Olympic clubman
in action, they may do so by flashing
the long green, January 1 will see the
brothers back here.

**GUY BORDEN FIRST IN
FRESNO 2:15 PACE**

FRESNO, Oct. 10.—A large crowd
of people witnessed the second
of the program at the Kings
County Fair grounds track yesterday at
Fresno. Dr. Wayne took the first event in
straight heats, a 2:15 trot. He was
pushed fairly to the limit in the last heat by
Truce Kinner but in the final he was a
easy winner. In the 2:15 pace for a
purse of \$1000 Guy Borden, the little
Hanford pacer owned by Pete Aguirre of
this city and out on percentage with V.
D. Durfee's string, drove the crowd wild
by outpacing Nifty and Dick W. Guy
Borden won the three heats.
Jimmy Walsh of England had a big
share over Bobby Hayes of Chicago.
Company G of the National Guard will
hold a boxing exhibition this evening in
its armory on Park street, Alameda. Six
rounds of boxing will be featured.
Jimmy Ross and Soldier Bender, six
rounds, main event; Jack Cox and Kid
Wolf, special event; Willie Cobb and Jim
Graham, Young Perceock and Ernest Pea-
cock, Kid Egan and Phil Phillips, boxer,
and Willie Tobin of San Francisco.

Johnny O'Leary is in training at Sacra-
mento for a twenty-round bout with
Sally Salvador in the Capital City October
17.
O'Leary beat Salvador in ten rounds in
San Francisco in May. Two or three
months later he came back and got a
decision over Johnny. This fight was a
preliminary event to the bout in which
"Bull" Young was accidentally killed by
Jess Willard.

**AMATEUR
BASEBALL**

George G. Fraser has reorganized the
Fraser Photos and will contest with the
winners of the Trolley League for the
semi-professional championship of the
state. Under the leadership of Bart
Burke, Fraser has signed up the entire
lineup of the Sonoma County League.
This team has already defeated the
Marysville team of the Trolley League
with ease. Next Sunday the Photo Boys
will play Petaluma, then Santa Cruz, and
then the champions of the Trolley
League, after which they will play the
Bodie Stars, Harry Krause's team and
all comers. Young Kremer, the wizard
of the Bush will pitch. The lineup is as
follows:
Burke, pitcher; McGraw, first base; Fair, sec-
ond base; Sweeney, shortstop; Rippon,
third base; Helman, Smith, Brown and
Warren, fielders.

The Pittsburgh Nationals shut out the
Cleveland Americans by a score of 3
to 0 yesterday in the fourth game of the
inter-city series. The clubs are now even
with two wins each. Adams, for Pitts-
burgh, pitched effectively and only once
did the Clevelanders advance a runner as
far as third base. Carey's triple, Was-
ner's single and a base on balls when the
bases were full gave Pittsburgh two runs
in the first inning.

**THREE TIGER FLINGERS STARS
KOESTNER LEADS IN SHUTOUTS**

Pol Peritt pitched his sixth shut-out victory yesterday against Oakland.
The Angelle heupple had his curve ball working splendidly, and, as usual,
he manages to make each delivery just a wee bit different from the one that
preceded it. Peritt has a wider variety of stuff than any other pitcher in the
league.

Koestner is the king-pin twirler in the league when it comes to shut-outs.
having won eight games in which his opponents failed to cross the counter.
Roy Hilt, also of Venice, comes next with seven, while Sailor Stroud of Sacra-
mento is tied with Peritt. By defeating Portland 1-0 yesterday "Spec"
Harkness, also of Venice, comes into the circle of shut-out pitchers, this mak-
ing his fifth no-run game.
Venice is now only six and one-half games behind Portland; Sacramento
is two games behind Venice; San Francisco is five games behind the Wolves,
and Oakland is ten games behind the Angels and twenty-six games behind
the leaders.

**TEN-MILE 'Y' RELAY IS BUSH IS SENT ON HIS
SCHEDULED FOR SATURDAY WAY; PHIL KNELL
SUBSTITUTES**

Saturday is a big day in the history of
the Y. M. C. A. athletics. Relay races
for the members in the different depart-
ments will be held between associations
from different parts of the state. In the
morning two boys' relays will be pulled
off, one each for the Juniors and Inter-
mediates, over the three-mile course
around Lake Merritt. The first event
will start at 10 a. m., twenty-four Juniors
competing against Berkeley and San
Francisco, each youngster running a rel-
ay lap of 250 yards. This will be fol-
lowed immediately by members of the
intermediate department, 12 from each
association running a 440-yard lap.
The ten-mile annual relay between the
different associations will be a contest
of great interest. This year, Berkeley
and San Jose will send teams into the
field and together with Oakland and San
Francisco a spirited race will result.
The race is scheduled to start at 3 p. m.
There will be 20 men each running 500
yards from all the associations. The
Harrison street boulevard, and after
crossing the lake three and one-third
times, will finish at the Twelfth street
dam.
The expected has happened. Umpire
Garnett Bush has been taken by the
scruff of his bull neck and gently pro-
pelled to Paris unknown. President
Baum is to be congratulated.
The announcement that Bush had been
released because of his disposition and
failure to obey instructions, was an-
nounced last night in the sporting edi-
tion of THE TRIBUNE and created consid-
erable interest amongst fans.
Bush was an umpire who knew the
rules of the game thoroughly and was
quick in arriving at conclusions. An
unfortunate tendency to be too seriously
aggressive cost him his job. Bush
simply seemed to delight in drawing
down the anger of fans and players and
deliberately goaded players and spec-
tators into "riding him." He seemed happiest
when the boozing cage was howling at his
heels and he could yelp back defiance.
Phil Knell, the state league umpire, who
has given the best satisfaction of any
umpire in the future organization this
season, will take off with him for the balance
of the season.
Bush will likely try to secure more
indicator talent next year.
The girls' teams of Alhambra and Ricci-
mond High Schools, Saturday the Alham-
bra and Riccimond power teams meet here,
and the John Swett and Mt. Diablo teams
play at Concord. Sunday Martinez and
Boys League clash on the diamond.
Local fans are preparing a testimonial
for the Martinez team.

**MAGICIAN OF BASEBALL
UNFOLDS A NEW PRODIGY**

Connie Mack's New Star Described by
Catcher Alexander

By BILLY FITZ.
CARVE another niche in the hall of fame and enter in
there a statue of a 20-year-old boy—J. Leslie Bush, "Bul-
let Joe," the latest pupil of Cornelius McGillicuddy—

"Connie Mack." Once more the astute Connie, whom someone
has dubbed the "Jesuit of baseball," has slipped from his sleeve
another youthful prodigy for whom he paid nothing, and con-
cerning whom no one knew anything. Probably Connie has more
of these trumps concealed somewhere about his clothing, and if
the need arises he will astonish us again.

Catcher Walter Alexander, himself a
mere kid, is one of the few players on
the coast who knows Bush and has
batted against the latest new wonder
pitcher. The Little Oakland maskman
told me yesterday all he knew concerning
"Bullet Joe."
"Bush is a young fellow," said Alex-
ander, "just about twenty years of age.
He came to the Missoula Club of the
Union Association two years ago when I
was playing with the Ogden Club on the
same circuit. In the spring of last year,
he began to attract attention and as the
season progressed he was considered
about the best pitcher on the club. His
and Carl Zarnoch really won the pen-
nant for Missoula in 1912. He worked in
about 45 games, winning two thirds of
them. Bush had fair control, a great
fast ball, and a swell fast-breaking curve.
The slow floater which he used yester-
day with such success was developed
later, probably under Connie Mack's
tutelage. Bush was sold to Connie Mack
in the fall for \$1500, and there was a lot
of major league scouts after him, too."

"He has been going good with the Ath-
letes this year. I batted against him
once in St. Louis, where he was sent to
beat him and once in Philadelphia where
he beat us." Bush is close to six feet
in height and weighs about 115 pounds.
He was always willing to listen to ad-
vice and had a cool, clear head. I
should not be surprised to see him one of
the leading pitchers of the country next
season.

Barring the first inning, Jack Killaly
pitched great ball yesterday and was en-
titled to a four-run lead with Pol Peritt
on the local lot. But unfortunately, they
won't let us bat that inning and it makes
an awful run of Jack's record. Four
healthy hits, one a triple by Maggart,
and the other a double by Hilt, netted two
runs almost before one could say "Doe!"
Prost Killaly was discarded in the
eighth to make room for a pinch hitter
who failed to pitch. Schwenk, who suc-
ceeded him, had as much speed as "Bul-
let Joe" but not quite the same control.
His first two pitches were a record of
Mr. Schwenk shows a wild pitch a base
on balls, and a home run by Arbogast
within the grounds.

Our friend, the batter, who gives away
Keltus for every three-bagger made with-
in the home lot had better take the sign
down, because the season puts any other
on the conspiracy will break him up in
business. The fielders are showing a
suspicious tendency to develop locomotor
ataxia whenever a line drive is tickled
for the fence. The only way a man can
be seen from anytime a triple these days is to
break a leg while rounding first or sec-
ond. Arbogast got a triple and a home
run yesterday because Elmer Zacher
didn't step on the first one, and sit
down on the second. Bertram Coy as-
sisted Maggart to get a lid in the first
inning.
Jack Ness returned to the field yester-
day after a long absence and covered
a world of ground around the old first
base. He had a hat, however, the show
his old tendency to hit at had once as
soon as he got in a hole.

"A Hat to Fit Your Face"

Bertillion
1025 BROADWAY
Bet. 10th and 11th Sts.

The Best World's Series Bet

Is to win a fall style BERTILLION HAT. If you lose, then you
buy the winner a fall style BERTILLION HAT—you show your
feeling toward the winner by wanting him to look right and get
the full value of his bet.

\$2.50 HATS worth
wearing. One
of the founda-
tion stones of this establishment
has been the unparalleled value
that we give in this hat. The
derbies in black and browns,
etc., are counterparts of the
more expensive styles. The
qualities and colors are guaran-
teed. The soft hats come in vel-
ours, silky naps, smooth and
scratch felts and cloth bodies,
with felt and plush bands and
heavy corded silks with the dif-
ferent bow effects and other
natty little acquisitions that
makes this line the coast's most
powerful value.
\$3.50 QUALITY DE
LUXE. Absolu-
tely supreme
—the style of styles, backed by
qualities, trimmed with the
best silks, velvets, satins and
sweaters known to the hat
world. Black and brown derbies
are exceptionally beautiful in
the fall of 1913 styles. Soft hats
in velours, silk naps, smooth and
scratch felts and novel combina-
tions of materials. Come in a
wide variety of mineral and nat-
ural shades. We show more
than five thousand (5000) hats
Our facilities to give you style
weeks in advance of others, besides
the value of \$1.00 to \$1.50 more for
your money, giving more than ten
thousand (10,000) hats to select
from, blocking and cleaning free,
wherever needed, it is power within
power, and means this store is the
place to get the most for your money.

KILBANE WILL NOT LEAVE FEATHER CLASS, SAYS MANAGER

For several months reports have been going about the country to the effect that Johnny Kilbane, the featherweight champion, had decided to give up the title and go down to the lightweight ranks. Johnny Dunn, who has been making heavy odds against Kilbane as a contender for the title, declares that Johnny has any such intention and he writes regarding the latter as follows: "Please announce to Johnny Kilbane that I do not intend of going into the lightweight class. Why, up to date, he is too small, and if he trains hard for a week or two more, he will be coming out as a lightweight, so what chance would he have to box these wretches who call themselves lightweights? The whole story of his going into the lightweight class came from the coast. When he went there, Mr Graney asked us about meet-

On a lightweight, but the only one I had was a 125-pounder, a good ol' riverman. He had been boosted to the skies and was a great card and knowing that as I was going to be a lightweight, I had to do it again, why there was no objection from our end to it. However, the match fell through, but not through any fault of mine. I was a little out of order, inflated and it has clung tightly ever since. Johnny is tall and looks broad about the shoulders, but he is a lightweight and can easily make a low weight. For the past two years he has been 125 pounds. In New York the weight was 125 pounds, but in New Orleans he weighed that much while training in his life. You can bet the scales there were off. I was a 125-pounder, but in St. Louis I weighed him for the newspaper boys and he scaled just 122 1/2 pounds." Sir Knepper of the Times says that the country is full of men of racing kinds against big fellows. "where there are plenty of legitimate featherweights about the country to

GOODWIN RUSHES TO
BALL GAME ON LANDING

NEW YORK, Oct. 10.—Nat Goodwin returned yesterday by liner from his fifth honeymoon trip. He and Mrs. Goodwin spent most of their time at Carlsbad and the actor gained thirty pounds. He got away from the pier as soon as the customs men would let him and started for the ball game at the polo grounds.

Look for Free Offer sign on a dealer's window today and avoid disappointment, as dealers have only a limited supply of these Scarf Pins, and cannot obtain more. Get a package of OMAR Cigarettes and ask for the FREE "Mutt" or "Jeff" Scarf Pin.

Special Notice to Dealers:

PORTLAND MAN WILL BE
OFFICER OF Y. M. C. A.

PORTLAND, Ore., Oct. 10.—R. R. Perkins, for the past five years religious work director of the Portland Young Men's Christian Association, last night announced his acceptance of a position as director of religious and social work in the San Francisco Young Men's Christian Association. In addition he will have supervision of religious work in the Young Men's Christian Association throughout California. He will begin his new duties November 1.

The California associations have been after Perkins for some time. During the past summer he had charge of the Northern and Southern California con-

ferences The first offer contemplated that he should have charge of religious work in the associations on San Francisco bay. This plan was later changed to give him jurisdiction in his department throughout the entire state. Perkins will be on the general staff at San Francisco, and the religious work will be co-ordinated with the work of all other departments. Instead

ment being maintained, as is the arrangement in most associations. He will give the equivalent of two months each year to the state work, devoting the remainder of his time to the San Francisco association.

RAKER URGES WATER BILL BEFORE WILSON

WASHINGTON, Oct. 10.—Representative Raker yesterday conferred with the president on the Hetch-Hetchy bill. Raker told the president of the overwhelming sentiment for the bill in San Francisco.

among the government officials, and in the house and senate.

While the president was non committal concerning his attitude toward the measure, it is known he will sign the bill when it reaches him after the vote is taken, December 6, in the senate.

The president expressed willingness to hear any of the proponents of the bill in its favor at any time.

A large number of letters protesting

against the bill are reaching the White House, principally from nature lovers and it is declared by friends of the bill from persons who really represent power company interests.

California postmasters appointed yesterday were John C Vanmatre, Minersville; Charles W Payne, Tahoe Vista; Estelle M. Loomis, Viola.

Do Not Invest Less Than \$250 in a New Piano

A good Piano cannot be sold new for less than \$250. It requires good materials, skilled labor, exclusive patents and expert knowledge to create a good Piano. All these elements cost.

Those offered new, at less than \$250 are "near" Pianos, built trashily and sold trashily. Long before the payments are up the "near" Piano proves a disappointment as a musical instrument. If you do not care to expend \$250, it is far better to buy a "used" or "second hand" piano of good make—we carry very good "used" instruments at very reasonable prices.

We cannot and will not sell trash. We are known to carry only what is good, what will endure and what is worth the price asked.

Any of Our \$250 Pianos or Used Pianos on Easy Terms

PORTOLA BALL GAME IS BIG ATTRACTION

Oaks and Seals Will Play at Benefit Saturday, October 18.

Spanish War Veterans to Have Prominent Part in the Celebration.

be staged in Recreation park, San Francisco Saturday, October 18, is creating unbounded enthusiasm around all the bay cities. The purpose of the affair is to help swell the funds for the great festival and everybody is getting behind the movement to make the game a big success.

Everybody will attend. San Francisco's and Oakland's elite have signified their intention of being present. A number of the prominent sportsmen will act as flower girls and sell small bouquets to the fans.

It will be Oakland vs. San Francisco and one of the liveliest and most exciting games of the entire season is promised by the players.

One of the big features of the benefit will be that Mayor Mott of Oakland will catch the first ball pitched over the plate. Mayor James Rolph of San Francisco will throw the ball and Governor Hiram Johnson will act as batter. Whether he hits it or not—the ball will be auctioned off to the highest bidder.

VETERANS TO HAVE PART.

One of the most spectacular features of the Portola festival will be the share of the Spanish War Veterans, according to announcement made today. The veterans will participate in the parades in force, having hundreds of men in line, wearing the uniforms in which they saw active service.

In addition to this the affiliated Order of the Serpent will march, costumed to correctly represent the various tribes of the Philippines. They will carry live snakes as mascots. In the night parade they will carry a 500-foot dummy snake, the largest monster ever made for a parade. It has been built especially for the Portola. This will breathe fire and will have electric lights within and without. The entire state is going to participate in this share of the festivities.

More will be depicted by Pinar del Rio of San Francisco, and Santa Clara of California of Los Angeles will be Visayas. Sabay Sabay fair of Oakland will be depicted as Tagalos, Kas Lunga fair of Vallejo as Igorotes. Sacramento, with Catalonian fair, will portray Negritos, and the members of Infanteria Toronado fair of Fresno as Pangasinan.

THOSE IN CHARGE.

The veterans' participation is directed by Captain L. T. Stephenson, department commander, Fresno; Captain H. F. Huber, senior vice-commander, Oakland; General Robert Wankowski, junior vice-commander, Los Angeles, and Lieutenant O. E. Michaels, chief of staff, now stationed at the Presidio, with the Sixteenth Infantry.

The reproduction of historic ships in the big night electric pageant will in many instances be manned by naval veterans. Men who went around the Horn on the Oregon will man the Oregon. Men who served with Dewey in the Olympia will be on the reproduction of that ship. The monitor Monterey will, in its reproduction, have a crew composed of medal of honor men.

The Veterans' Association of the First California will man and surround the reproduction of the City of Pekin, the Chinese wall, which that regiment is to reproduce.

Onandaga Tribe No. 8 of the Red Men will man a big war canoe costumed as Onandaga Indians. This is the only lodge in the country, it is said, composed entirely of army men.

CAPTAIN DRANK ON DAY OF WRECK, IS CHARGED

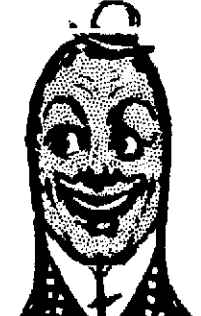

PORTLAND, Ore., Oct. 10.—A court of inquiry representing the British Board of Trade and the Crown yesterday held a hearing to fix the responsibility for the loss of the British ship *Gleneslin*, near Nehalem, September 30. Filing of testimony was completed, but judgment was withheld.

Both mates and steward testified that Captain Williams had been drinking on the day of the disaster. The captain was not on the ship at this point. He testified that when summoned, shortly before the wreck, by the mate and told the *Gleneslin* was close ashore, he did not believe she was in danger, and that when he went on deck twenty minutes later it was too late to change her course, although he tried to do so.

TIZ COMFORTS AND CURES SORE FEET

Foot-Torture Ends, Foot Joy Begins, in Your First Foot-Bath of TIZ.

TIZ cures sore feet, tender feet—feet puffed up with pain. Hot, tired, chafed and smelly feet are cured by TIZ. Corns, bunions, calluses and chilblains are relieved at once by a gladdening TIZ foot bath. TIZ is on sale every where, at drug and department stores, price 25c a box. Don't let your feet suffer.

FIFTY AUTOS IN ONE TRAINLOAD

Chalmers Factory Is Making Strenuous Efforts to Supply Cars.

(By EDMUND GRINNIN.)

The Chalmers Motor Company last week made what is undoubtedly the largest shipment of 1914 cars of the new season. Fifty Model 19's were shipped in one train load, consisting of twenty-two 50-foot automobiles, from the factory at Detroit to Lattin Bros., Chalmers dealers at Cedar Rapids, Iowa.

A large number of the cars consigned to the Cedar Rapids dealers were sold before they arrived. Crop conditions in that section of the country are unusually good and dealers predict a record breaking Chalmers year. On the day following the Iowa shipment, 40 Model 19's were shipped to Chicago and 20 to Sioux City, Iowa.

The Model 19 is proving tremendously popular. While retaining all of the features which made the 1912 "Thirty-Six" so popular, the new car has many material improvements in design. The lines are unusually graceful with the full flush fenders, bell backed tonneau and molded oval fenders. The fenders are entirely new in design and in addition to their pleasing appearance they afford great protection from the mud and dust.

IMMENSE PRESS.

A giant double toggle drawing press, with a capacity of 1500 tons, or 3,000,000 pounds, has just been installed in the Jeffery works at Kenosha, Wisconsin. This press, which weighs 185,000 pounds or 88 tons, required six freight cars to transport it, and is the largest of its type in the state of Wisconsin and one of but four of this size in use in the United States.

This press will be used for making the big coils for the coils of Jeffery motor cars. The dies for making this particular part required, to complete them, the efforts of two skilled die makers working ten hours per day, for two and one-half months.

The cost of this press has not been made public, but the Jeffery people say that if it was paid for in silver dollars, placed one above the other, the pile would measure 120 feet high.

The press is operated by a directly connected electric motor and it takes just one minute and one operation to make the complete coil.

HAUGERTY RE-ELECTED HEAD OF FEDERATION

FRESNO, Oct. 10.—Daniel P. Haugerty of San Francisco, incumbent, was re-elected president of the California State Federation of Labor yesterday by a 2-to-1 majority, the reported vote cast in his favor representing 20,207 members of the local unions, as against 11,715 for Frank Murphy, the nominee of the Socialist and labor anti-administration forces. Fred Schaeferberg of San Francisco was

re-elected triumph, over three to one, the vote being 21,919 to 7355 for M. R. Gruenert of San Francisco, the nominee of the unionists.

TAX DUTY CARRIAGES.

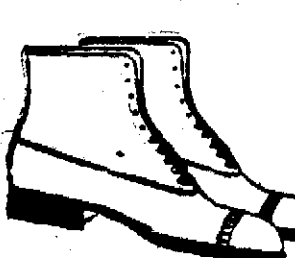

BERLIN, Oct. 10.—The municipality of Berlin has instituted a tax of 10 marks a year on baby carriages, which each parent is obliged to pay at the expiration of the year.

Chadwick Klump, Smiler

"I used to lug my feet around with me against their will," said Chad. "But these Crossetts make me feel like beating all the speed records old Seven Leaguers ever made."

Crossetts will make your feet wish they could smile too. Here is model J. 1.

CROSSETT SHOE

50.00 to 55.00 everywhere
Ladies A. Crossett, Inc., Boston
North Attleboro, Mass.

There's a special Crossett hat for you with each shoe.

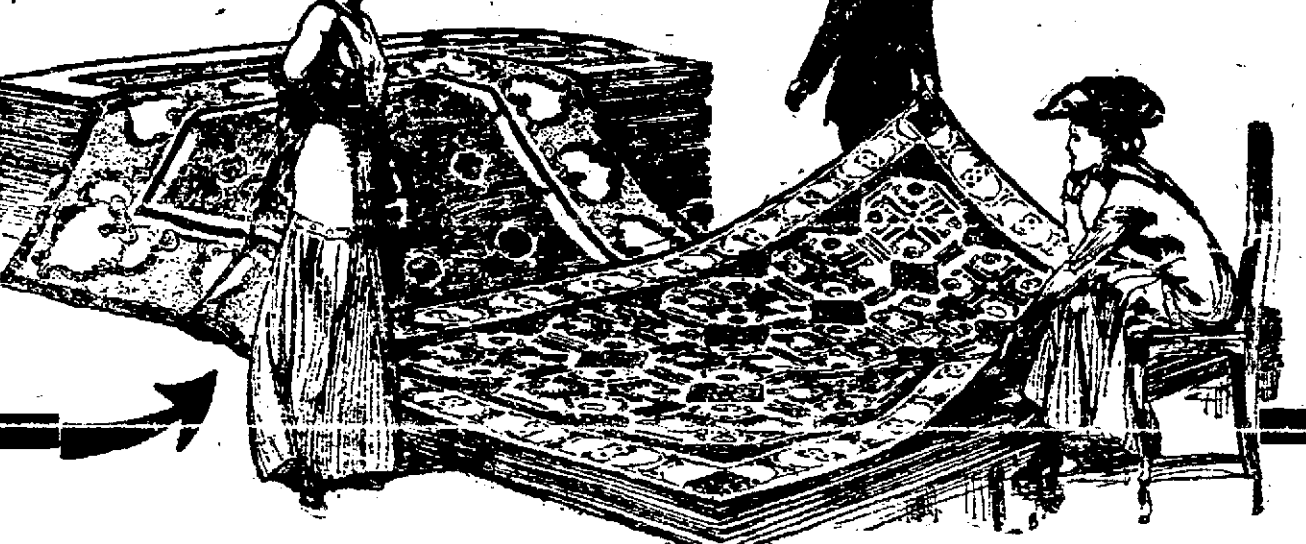

Write for the name of the nearest dealer.

Smith Co.

Certainly we'll exchange it for you. We'll be glad to, it's no trouble. We want you to feel perfectly satisfied.

Terms: \$2 down, \$1 a week.

Open an account with Jackson's. Try one of these Axminster rugs. Test it, see if you can beat the price or the terms elsewhere.

9x12 Axminster rugs—six good patterns \$19

We can assure you there is nothing better manufactured for the money and the designs are suitable for most any room in the house, oriental and floral

These rugs are a good quality—full 9x12 foot; the most popular room size rug; made high pile, all worsteds; rich colors. Lay flat on the floor and are easily swept. For service there is nothing to compare with them. Hold their color and make friends. See them on the third floor.

Notice The Louis the XVI bed room set in our cement cottage

It is attracting lots of attention; it's in old ivory with open cane work in head and foot of bed; also in back of dresser and dressing table. Shield mirrors and the plate glass tops of the table dresser and dressing table add greatly to their attractiveness; the living room is in mahogany and the dining room has a Jacobean set.

DRAYS TO HAUL PLANTS FOR BALL

Pavilion to Be Veritable Fairyland for Big Police Ball.

Most of the drays in the city have been requisitioned by Captain Thorwald Brown, chairman of the general committee, to haul the several tons of shrubs, plants and flowers which will be used to decorate the great pavilion at Alameda park for the big annual benefit ball of the Widows' and Orphans' Association of the Oakland Police Department next Tuesday night. Sergeant James Walters and a corps of 30 efficient helpers have already begun work in beautifying the ball, and it will be like a magnificent garden on the big night. That the interest in the coming event is general is shown by the many offers sent to the committee of flowers and greenery to use for decorative purposes.

There are no idle "coppers" in Oakland now. No sooner do they get off duty than they have to do the real work of the day. The many details of the big event are being looked after and there will be no hitch in the merriment. The many committees have worked early and late under the supervision of Captain Thorwald Brown, chairman of the general committee. Chief of Police Petersen and Detective Book and Lynch who constitute the invitation committee, have completed the list of honorary guests, to include the mayors and chiefs of police of all the nearby cities.

Lieutenant Fred Schorder, the biggest man in the department and the possessor of a powerful bass voice, will sing a number of selections during the evening.

MOTHER PAYS GIRL TO WED NOBLEMAN

MORRISTOWN, N. J., Oct. 10.—That Mrs. May C. Potter Jones, widow of Dr. John Davies Jones, formerly of Washington, D. C., agreed to settle \$100,000 upon her daughter, Miss Martha Potter Jones, provided she married the Marquis Giuseppe de Lanza d'Amata of Italy, is shown in an exemplified copy of Mrs. Jones' will, filed in the surrogate's office here.

The marriage of Miss Jones to the Italian nobleman took place in Florence in December, 1904, but at the time no mention was made of the monetary agreement.

The will of Mrs. Jones further agrees to light the fact that at the time of making the will she and her daughter, the marchesa, were not on cordial terms. Although the marchesa is the only surviving child, only the \$100,000 in fulfillment of the agreement at the time of the marriage is to be paid outright to the daughter. She is also to receive an income of \$3000 a year, but the remainder of the estate, which is believed to be large, is left to the children of the nobleman and his American wife.

THOUSANDS CHEER BIG PARADE OF GERMANS

ST. LOUIS, Oct. 10.—Twenty bands playing "Die Wacht am Rhein," 20,000 German-American marchers singing it, and well nigh 200,000 spectators cheering it, formed the climax last night to the week-long celebration of the one hundredth anniversary of the War of Liberation, at the conclusion of which the Germans threw off the yoke of Napoleon.

The torchlight parade was about ten miles long and was more than an hour in passing. Automobiles, military bands, fraternal lodges and the State National Guard, each had a division in the demonstration.

Each marcher carried a red, white and blue or red, white and black flag or lighted paper lantern. The black eagle of the German empire was prominently displayed on the march.

Several elaborate floats pictured historical scenes of the War of Liberation and the progress of the Germans since then.

The soothing, healing medication in Dr. Hobson's Eczema Ointment penetrates every tiny pore of the skin, clears it of all impurities—stops itching instantly. Dr. Hobson's Eczema Ointment is guaranteed to speedily heal eczema, rashes, ringworm, tetter and other unsightly eruptions. Eczema Ointment is a doctor's prescription, not an experiment. All drug stores or by mail, from Dr. Hobson's Eczema Ointment Co., Philadelphia and St. Louis.

Hooray! Blood Free of Impurities

Eczema Gone! Acne, Tetter, Rash, Pimples, Carbuncles, Boils—Banished!

It is certainly remarkable how quickly the action of S. S. S., the famous blood purifier, shows itself in the skin. There is one ingredient in S. S. S., which peculiarly stimulates cellular or glandular activity to select from the blood, or from the fine network of blood vessels in the skin, those elements which it requires for regeneration.

Thus pimples, acne, eczema, lupus, or any other blood condition that attacks the skin or seeks an outlet through the skin to meet with the antidotal effect of S. S. S.

This is why skin troubles vanish so readily and why they do not return. Under the influence of S. S. S. this fine net-work of blood vessels in the skin is constantly selecting from the blood the nutrition required for healthy tissue, and the cause of disease is just as constantly being removed, scattered and rendered harmless.

It is a great mistake to rely upon cathartics to cure pimples or other facial eruptions. Not only do cathartics cause chronic constipation, but they thin the blood of its valuable and essential preservatives.

You will be surprised and delighted at the famous blood purifier, its action in the skin is quite sensational. These facts are most fully explained in a book on skin troubles sent by the E. W. Higgins Co., 215 Swift Bldg., Atlanta, Ga. You will find S. S. S. on sale at all drug stores. Get a bottle today and banish all skin afflictions.

When you ask for S. S. S. look out for the correct trade mark and you will be sure to get the best.

FOUR CENTS OFFERED FOR MUSCAT RAISINS

FRESNO, Oct. 10.—Announcement was made in the offices of the California Association Raisin Company yesterday that four cents would be paid for all standard Muscat raisins not under contract. This is the first announcement that the association company has been willing to make so far this year regarding Muscats. It indicates that growers affiliated with the association will receive better than four cents for their raisins this year. In the contracts already made a minimum price only is set. The associated estimate that the crop is about 10 per cent short and the estimate is made from reports received from 4000 growers.

ELECTRIC RAILWAY MEN WILL MEET

ATLANTIC CITY, N. J., Oct. 10.—Between 4000 and 5000 electric railway men and their guests to the United States, Canada, Mexico, South America, the Philippines, Hawaii and Porto Rico, will gather here on Monday for the thirty-second annual convention of the American Electric Railway Association. The organization consists of five bodies, railway accountants, engineers, claim agents, transportation and traffic officials. Allied with these is the Manufacturers' Association, which holds an exhibit at the time of the convention. Paul Shoup, president of the Pacific Electric Company of Los Angeles, is to discuss the relation of carriers to the development of the territory they serve.

General George H. Harries of Louisville is president of the American Association. It is probable that he will be succeeded at the annual election Thursday by Charles M. Black, of San Francisco, who is now vice-president.

EX-SOLDIER IS KILLED; QUARREL CAUSES DEATH

BENICIA, Oct. 10.—Frank McClain, an ex-soldier, aged 35 years, was shot and killed in a drunken quarrel by A. B. Mills, another former soldier, at the latter's cabin on the outskirts of Benicia yesterday afternoon. Constable C. H. Palmer, when informed of the shooting, went to the scene and arrested Mills, after he had wrested the revolver from his hand. McClain was found dead on the kitchen floor with a bullet in his brain. Mills was taken to the county jail in Fairfield Solano county, where he will be charged with murder.

According to Mills, he and McClain had been drinking heavily, which statement was borne out by the man's condition and the presence of a quantity of wine and glasses on the table. The dead man, according to Mills, had suddenly attacked him, and in self defense, he drew his revolver and shot him. The shot was heard by a grocery clerk passing near by, and Constable Palmer was notified. McClain is not known to have relatives in this section. Mills is well known in Contra Costa county. He is a harness and saddle maker. He has a daughter living in Vallejo.

UNITARIANS COMING HERE

Twenty-fifth general conference of Unitarian and other Christian churches closed yesterday. San Francisco was selected as the meeting place for next year. The number of vice-presidents of the conference was increased from four to six, these three being elected yesterday: Frederick A. Delane of Chicago, John V. Lord of Montreal and Horace Davis of San Francisco.

A TEN CENT BOX OF 'CASCARETS'

Get a 10-cent box. Put aside—just once—the Waters, Pills, Castor Oil or Purgative Salts, which merely force a passageway through the bowels, but do not thoroughly cleanse, freshen and purify these take the excess bile from the digestive organs, and have no effect whatever upon the liver and stomach.

Keep your "insides" pure and fresh with Cascarets, which thoroughly cleanse the stomach, remove the undigested, sour food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret to-night will make you feel great by morning. They work while you sleep—never gripe, sicken, and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have Headache, Bloating, Sour Stomach or Constipated Bowels. Cascarets belong in every household. Children just love to take them.

Annual Convention of American Association to Begin Monday.

Keeps Your Liver and Bowels Active and You Feel Bulky for Months.

LOOK OUT FOR "SLOPPY WORK" IN BOGUS NOTES

WASHINGTON, Oct. 10.—"Sloppy work" is the general if slangy verdict of the treasury department in announcing its opinion of a new counterfeit of a \$1 silver certificate that has made its appearance. The bill is of the issue of 1899 and besides being printed on one piece of onion skin paper, makes no pretense of imitating the silk fabric that characterizes the genuine notes.

"The thirteen stars," adds Chief Flynn of the secret service, "that appear on the genuine above the words on the back of the note, are omitted in the counterfeit."

The spurious bill is also declared to be of a generally faded appearance and the secret service officials say that it should not deceive the ordinarily careful handler of money.

KING OF SWEDEN MAY SUCCUMB TO MALADY

STOCKHOLM, Oct. 10.—King Gustavus is so ill that he has invested the crown

There are persistent rumors that his malady is cancer and that it is in so advanced a stage that he has small hope of recovery, while the end may come soon.
